INAUGURAL ADDRESS BY MAYOR THOMAS S. BURGIN January 5, 1942

Gentlemen of the Council:

Since Sunday, December 7, 1941, when, without warning, the Japanese attacked the United States at Pearl Harbor, Hawaii, and following the formal declaration of War by the Congress of the United States on Monday, December 8th, events have happened so rapidly that it has been impossible for me to devote the usual amount of time to the preparation of a mid-term message for you gentlemen.

The country is at war now, not only with Japan but with Germany and Italy, and the seriousness of the general situation in Quincy has required a great deal of time and my constant attention day and night in organizing civilian defense activities to augment our regular municipal forces for the protection of the lives and property of our citizens and in safe-guarding the health of these people. I feel certain, therefore, that with this in mind, you will understand my inability to prepare a detailed message at this time.

Following the usual custom at these Inauguration exercises, the Mayor presents herewith a resume of our general financial condition as of December 31, 1941 so that you members of the City Council may be advised as to:

- (1) Our total funded debt.
- (2) Our tax title loans to the Commonwealth of Massachusetts.
- (3) Our borrowing capacity within the debt limit as allowed by the Commonwealth of Massachusetts, and
- (4) Our anticipated expenditures from both the revenue and non-revenue accounts during the coming year.

Present Financial Condition

As of December 31, 1941, the long-term bonded debt stood at \$4,206,500 which is \$714,000 lower than what it was on June 30, 1935, shortly after I became Mayor. This represents a decrease of 14½ per cent. Our water debt is included in this reduction just referred to, and it is gratifying to note that on December 31, 1941, the water debt stood at only \$175,000 which is approximately 50% lower than it was in 1935. During the past year, we have authorized the use of a substantial amount of our reserve account in the Water Department for construction work, and it is anticipated that during the coming year another substantial rate reduction for water users will be put into effect. By using \$75,000 of the reserve account for construction purposes, I do not antici-

pate any borrowings for water construction during 1942. This now puts us on a "pay as you go" policy in the Water Department.

Our tax title loans to the Commonwealth of Massachusetts now stand at \$126,000. Back in 1935, we had outstanding tax title loans of \$572,000. Twice since then we have reduced to nothing our borrowings of this type of loan and I figure that during the coming year, we should be able to pay off all outstanding tax title loans and have the slate clear with no anticipated borrowings on this type of loan. Our tax collections have steadily improved and with general conditions so much better than they were before, I feel that we should be able to again adopt this policy of financing our year's program through tax collections, general receipts and certain long-term borrowings without any money having to be raised through loans on uncollected taxes upon which the City has recorded tax liens.

The borrowing capacity (or legalized margin for borrowing within the debt limit) as of December 31, 1941, amounted to \$609,-197.94, which should give us a feeling of financial security if we find it necessary to provide funds for permanent construction.

While it is impossible at this time to outline a definite financial program for the year 1942, due to the uncertainty of the world conditions, I do not anticipate that our borrowings for all purposes will be as much as they were in 1941, viz.—\$1,096,000.

There should be no loans issued this year for public buildings or new equipment where the City is required to raise the qualifying \$32,000 from taxation. These two items alone should provide a reduction in our 1942 budget of \$64,000. It should be noted that of the \$1,096,000. borrowed or authorized last year, \$523,000. was for purposes for which we should not have similar borrowings this year, viz.—the public parking area, water construction, new equipment, two new fire stations and a tax funding loan of \$175,000. to pay a court judgment to the Boston Consolidated Gas Company on its 1935 (and subsequent years) valuation. Our bond maturities in 1942 will amount to \$725,500. and I estimate that unless some emergency arises, our total borrowings for the year will not exceed \$500,000. On this basis we can show a debt reduction of at least \$200,000. which is in line with my general policy of debt reduction each year. Due to unexpected borrowings in 1941 however, we were not able to adhere to this policy.

It is impossible for me to state what our 1942 budget will amount to as I have not as yet had the time to go over the various estimates as submitted by our many city departments. I shall, however, make every effort, even in these difficult times, to make another tax rate reduction in 1942 which will be the seventh successive drop in as many years. Our present rate of \$31.20 per thousand dollar valuation is one of the lowest of the thirty nine cities in Massachusetts.

It will not be my purpose to go into detail concerning the various city departments in this message but I will transmit matters of importance to you from time to time as the occasion arises. We must be prepared for a most strenuous year under war conditions and war regulations. No one can foresee what steps we will be required to take in regard to municipal financing or what restrictions will be placed upon us. We must meet such problems as they present themselves and act accordingly.

SPECIFIC RECOMMENDATIONS

East Howard Street. It is to be regretted that following my recommendation to the City Council of over a year ago that the City widen and rebuild East Howard Street leading to the great Fore River Plant the street still remains as it was—if not worse—with no sign of money coming from the Federal Government after five months of waiting for approval of project No. 19-120 Mass., Defense Public Works.

Gentlemen, I say to you, as I have repeatedly said to previous City Councils, that in my opinion this work is a direct obligation of the City and should be done by the City forthwith—and without further delay. We not only have a direct obligation to the Fore River Plant itself as a tremendous taxpayer but we have one to the thousands of men who use this street every day as they come to work. Do I again need to stress the dangers existing from a fire hazard point of view with this street so crowded with automobiles many times a day that fire apparatus couldn't even attempt to get through for periods of over a half hour at a time? We need action—and need it NOW!

I recommend that the City pay for the widening and rebuilding of East Howard Street just as we have done on other streets in the past. We have \$40,000. available in a balance from the 1941 street construction loan which could put all our Highway Department employees to work on this project tomorrow morning getting work started on the widening from Quincy Avenue to DesMoines Road. The remainder of the cost should be our first obligation from the proceeds of the 1942 street construction loan. If we start NOW the widening could be done during the winter months and by spring the street should be ready for surfacing. It is my hope that a member of the Council will introduce an order today authorizing me to proceed immediately with this construction work using the available \$40,000 and every employee of the Highway Department we can assign. From information I have received from Washington on our pending application for funds I can offer you no encouragement whatever that this work will be paid for by the government.

EMERGENCY BUILDING—QUINCY CITY HOSPITAL

I have spoken on the subject of a fifty bed emergency building at our City Hospital so often during the past year that I hesitate to mention it again. WE MUST MAKE PROVISION for additional bed capacity at the hospital, gentlemen, and if you don't want to do it in the manner recommended by the doctors of our City, the Board of Managers of the hospital and the Mayor, do it the way you think it should be done — BUT DO SOMETHING to relieve the situation as it exists today.

Citizens from every part of our City are demanding that the municipal government take action on the problem at the hospital. I have received many telephone calls and letters from individuals and groups asking what they could do to show the Council how vital the question of providing these emergency beds is to them. They are aroused over the defeat by Council action of the proposal to build and equip an emergency fifty bed building. I want it definitely understood that the responsibility for failure to act on this important matter no longer rests upon my shoulders as I

have done everything within my power and according to my best judgment to produce such a building as has been asked for, in the quickest possible manner.

Gentlemen, I sincerely trust that you will bear this in mind during the coming year, and especially now that our country is at war:—while we like to receive help in a financial way from the Federal Government on certain projects we must remember that the government is going to tremendous expense to clothe and equip a vast army, to build ships for and maintain a great navy, to protect a great civilian population—should we therefore expect too much when our own municipal financial condition would allow us to pay for some of these needed improvements without imposing on an already overburdened federal treasury. During the emergency let us go without non-essentials and, with pride, try to finance the needed projects in so far as possible without federal help so that funds we might get could be used for direct war purposes.

In closing this short mid-term message may I assure you of my complete cooperation during the year that lies ahead. We have a great responsibility to the people of our City who have entrusted us with the management of their municipal government. Our is an obligation not to be taken lightly. With God's help, may we conduct ourselves in a manner befitting the traditions of the past and with that same help may the leaders of our great nation, under our President, Franklin D. Roosevelt, carry us through these dark days of war to ultimate victory in the battle to preserve and maintain the privileges of American Democracy.

Thank you.

REPORT OF THE AUDITOR

April 29, 1942.

To His Honor The Mayor and The Honorable City Council:

I submit herewith the financial report of the City of Quincy for the year ending December 31, 1941.

In compliance with Section 50, Chapter 41 of the General Laws, there is appended a certificate under oath with reference to the verification of cash balances in the hands of the City Treasurer and various trustees having custody of funds.

Respectfully submitted,

LEO E. MULLIN, Auditor of Accounts.

I hereby certify that I have verified, by actual count of the cash and verification of the bank balances, the cash of the City Treasurer, the Board of Managers of the Adams Temple and School Fund, the Board of Managers of the Woodward Fund and Property, and the Trustees of the Thomas Crane Public Library.

LEO E. MULLIN, Auditor of Accounts.

Sworn to before me this 29th day of April, 1942.

DONALD P. CRANE, Notary Public.

IN COUNCIL

February 17, 1941

Order No. 89

ORDERED:

That the several sums named herein be and are hereby appropriated for the payment of the expenses of the City of Quincy for the financial year beginning January 1, 1941 and ending December 31, 1941, to be expended by and under the direction of the several officers or boards as herein designated.

REPORT OF THE QUINCY RETIREMENT BOARD

February 27, 1942

Honorable Thomas S. Burgin, Mayor City of Quincy, Massachusetts

The Quincy Retirement Board submits its seventh annual report, being for the year ending December 31, 1941, with appended tables setting forth the financial and statistical results.

While the number of employees covered by the Retirement System continued to grow, the net rate of expansion was smaller due to the substantial number of resignations from the service of the City. This has not, however, as yet found any reflection in the basic rates for contributions by the City as determined by the Actuary, these rates being continued for another year at the same levels as have prevailed since the beginning of the System in 1935.

The Board has continued the policy discussed in its report two years ago of confining investments to relatively short maturities. This has again made necessary the appropriation of a fairly substantial sum to offset a deficit in earnings at the 4% rate credited on average funds. The trend of bond prices over recent months would seem to indicate that a period of somewhat more liberal yields were developing which might ultimately be expected to eliminate the need for such additional apppropriation.

Respectfully submitted,

GEORGE H. BONSALL, JOHN J. KEEFE, LEO E. MULLIN,

Quincy Retirement Board.

TABLE VI

Valuation Balance Sheet Showing the Assets and Liabilities of the Funds of the Quincy Retirement System as of June 30, 1941

ASSETS

Annuity Savings Fund \$107,754 Annuity Reserve Fund 3,332
Pension Reserve Fund
Total Present Assets
Total Assets\$502,888
LIABILITIES
Present value of benefits on account of which contributions have been paid by members into the Annuity Savings Fund
Present value of benefits payable on account of beneficiaries or their dependents now drawing annuities from the Annuity Reserve Fund
Present value of benefits payable on account of beneficiaries or their dependents now drawing pensions from the Pension Reserve Fund
Present value of benefits payable on account of beneficiaries or their dependents now drawing pensions from the Pension Accumulation Fund
Present value of benefits to members with prior service credit to be paid by contributions of the City into the Pension Accumulation Fund
Present value of benefits to new entrants to be paid by contributions of the City into the Pension Accumulation Fund
Total Liabilities\$502,888

No account is taken of the future contributions of members into the Annuity Savings Fund because the benefits provided by these contributions are exactly equal to the accumulated amount of the contributions and therefore they do not affect the balance in the fund.

RALPH G. MESSENGER, Collector of Taxes.

REPORT OF DEPARTMENT OF PURCHASE AND SUPPLY

To the Honorable Thomas S. Burgin, Mayor City of Quincy, Massachusetts

DEAR SIR:

The annual report of the Department of Purchase and Supply for the year ending December 31, 1941, is herewith respectfully submitted.

Purchases for every department were directly under the control of the Purchasing Agent. Permission was granted to the Apothecary and Dietitian at the Quincy City Hospital to purchase supplies in their respective departments. The Board of Trustees of the Thomas Crane Public Library as well as the School Committee had authorization to purchase books. The Purchasing Agent after a conference with the City Auditor, revoked permission granted to the departments mentioned above as of December 31, 1941. After that date, all purchases must clear through this department. Closer control of accounts so that demands for late yearly transfers may be eliminated brought this decision about.

Early in December, the new Civilian Defense Department was established and this added considerable work to the already busy Purchasing Department.

During the year 7,957 requisitions were received from the various departments and these were divided as follows:

Aid to Dependent Children	7
Assessors	58
Auditing	57
Building	29
Cemetery	130
City Clerk	154
Defense	60
Engineering	101
Executive	43
Fire	515

Stable	100
Tax	
Treasurer	47
Vocational Defense	119
Water	535
Welfare	80
Wire	18
W. P. A.	706

The Purchasing Department wrote 10,660 purchase orders in 1941. The division of these orders may be compared in the table accompanying this report. The table shows that $59\frac{1}{2}\%$ of the orders were placed with Quincy merchants or residents; $36\frac{1}{2}\%$ were placed with concerns in the Boston area where many firms employ Quincy residents; 4% of the orders were placed outside the Boston area. (Chart A-1.)

Contracts

Ninety contracts were awarded during 1941. Details of these awards will be found in the accompanying Chart. (Chart B-1-2-3-4-5-6)

Am't of Outside Area Orders	\$1,474.38 1,046.41 1,046.41 1,168.57 1,168.57 1,168.57 1,188.69 1,780.89 1,780.89 3,083.10 8,702.91 978.72	\$25,906.02

(Chart A-1)

The gasoline contract for 1941 was awarded to the Cities Service Oil Company at Posted Tank Car Price less .005 per gallon with a top of .059 per gallon for the year. Early summer found gasoline prices increasing and a shortage apparent. Our favorable contract saved the City several thousand dollars. It is anticipated however, that with the United States at war, and with the probable loss of many tankers, that 1942 will show a substantial increase in the cost of gasoline.

The contract for fuel oil was renewed with the 1940 contractors. Here again the war situation has caused a definite shortage of tankers. At the expiration of our 1940-41 contract, no bids were received so the Purchasing Agent deemed it advisable to enter into an agreement for the continuance of the old contract until such time as the present condition is corrected in the petroleum industry.

After many years of repairing old automotive equipment in the Sanitary Department, 1941 found the City purchasing a modern fleet of rubbish and garbage trucks. Efficiency and cleanliness are features Quincy may be proud of in its two new white fleets. Such necessary equipment as compressors, rollers, a street sweeping machine, a snow loader and a sprayer so often overlooked by the average citizen but an integral part of the system to give him the services expected, were added to the Highway Department during 1941.

It should be noted that the contract for Class I Bituminous Concrete was awarded to Powers Brothers of Brockton at \$4.40 per ton or a reduction of 60c per ton on this contract.

Early in December, a new ambulance was purchased from the Henney New England Company for the Quincy City Hospital. After bids were received, the Purchasing Agent called on several cities and viewed various makes included in the bids received by the City. The Henney-Packard ambulance was finally purchased, and although not the low bid, the Purchasing Agent felt this contract was placed for the best interests of the City. The old ambulance which we intended to trade was instead refinished and transferred to the Fire Department for emergency use.

Late in February the Purchasing Agent asked for bids on various water works supplies including copper tubing and brass goods. The purchase of this material at that time not only showed a substantial saving for the year, but proved wise inasmuch as the last half of the year found these essentials becoming scarce.

On January 22, 1941, the Purchasing Agent in company with the Fire Chief, witnessed a demonstration of the auxiliary Fire Trailer pump used so effectively in London during bombings. Little did we think then that before the end of the year we would purchase this equipment, and as history was being made in the far Pacific, December found Quincy entering into a contract to purchase eight auxiliary pumps. Delivery is expected early in 1942.

After several requests from the Chief of Police, the City Council appropriated a sum in the 1941 budget for the purchase of a police patrol boat. Bids were received in May and a sturdy 33-foot power boat was purchased. After renovations were made at our local shipyard, this boat entered service late in June.

Defense

The act of the City Council establishing a Municipal Defense Council as a City department meant considerable planning on the part of our Administration. The Purchasing Agent gave every assistance possible. The genuine interest and volunteer help from the citizenry of our City meant cooperating with a department of several thousand people. This department already shows nineteen divisions in the accounts, and the auxiliary departments had to be coordinated with various City departments. Large purchases of highway tools for emergency use had to be purchased and stocked in accessible locations throughout the City.

Materials for air raid warning signals, equipment for Auxiliary Police and Fire divisions, and educational literature were only a few of the many items purchased. This program will enlarge as 1942 progresses and will be one of our major problems until the end of the war.

Supply Department

In January, 1941, the Purchasing Department moved to its new quarters at 51 Saville Row. With \$6,000 available for the purchase of supplies, the Purchasing Agent was able to increase the number of items from stationery and office supplies to a more general line for all departments. These items included hardware, paints, highway tools, etc.

Early spring found a well stocked department of 800 items and with price increases and slow delivery of merchandise, the enlargement of this branch of centralized purchasing is worthy of notice. An example of the savings shown by the enlargement of the Supply Department was the purchase of the winter supply of snow shovels made in June at \$4.50 per dozen. These same shovels have increased 30%. Rubber boots purchased in July at \$2.97 per pair had increased to \$4.30 by December. Stationery supplies purchased in the summer had increased by 20% in December. Careful conservation of supplies by the various departments in 1942 will find our present stock at pre-war prices ample for the year.

This has been the busiest year in the history of the Purchasing Department, and with the Nation at war and Quincy so strategically located, we may anticipate a year of problems and changes ahead.

Government regulations on the purchase of vital materials where many supplies are only available for maintenance and repair work may mean a curtailment of our usual constructive program. Price increases which have already started can only be controlled by ceilings per Government order.

The Purchasing Agent acknowledges with thanks the cooperation shown during 1941 and renews his pledge to the Citizens of Quincy of an administration for the best interests of the Taxpayers.

Respectfully submitted,

JOHN T. LANE, Purchasing Agent.

REPORT OF DEPARTMENT OF HEALTH

January 1, 1942

Hon. Thomas S. Burgin Mayor of the City of Quincy

DEAR SIR:

I am pleased to render to you the annual report of the Quincy Health Department for the year 1941.

Our total weighted score for 1940, based on the Health Appraisal Form as published by the American Public Health Association, is 798.7. A perfect score would be 1000. This is the highest score yet obtained by this department. It should be borne in mind that the requirements since 1937 became much more severe and that our accomplishments for the past year based on the previous scoring method would have yielded an even better mark.

Following are the scores from 1926:

1926 771 1927 797 1928 712 1929 746 1930 No scoring done 1931 No scoring done 1932 612.4
1928 712 1929 746 1930 No scoring done 1931 No scoring done
1929
1930 No scoring done 1931 No scoring done
1931 No scoring done
1020 6194
1932 612.4
1933 714.2
1934 778
1935 783.8
1936 795.5
1937 No scoring done
1938 No scoring done
1939 773.2
1940 775
1941 798.7

APPRAISAL 1941

		Possible Weighted	Weighted Score
		Score	Obtained
A.	Vital Statistics		40.
B.	Communicable Diseases		144.6
C.	Syphilis and Gonnorhea	90.	45.
D.	Tuberculosis		86.1
E.	Maternity Hygiene		68.9
F.	Infant and Pre-School Hygiene		120.7
G.	School Hygiene		109.2
H.	General Sanitation		86.1
I.	Food and Milk Control		68.1
	Bonus for balanced program		30.
	-		
	Total Weighted Score	1000.	798.7

You will note that all items, with the exception of Gonorrhea and Syphilis, have attained a high percentage of the possible score. The low score in this particular case is again due to poor

reporting of such cases by local physicians to the Massachusetts Department of Public Health.

A condensation or synopsis of the tables that appear in this report is interesting and will, perhaps, give a clearer general picture than do the tables by themselves.

POPULATION

The estimated population as of July 1st, 1941, upon which most of the mortality rates are based, was 76,292. The estimated population and rates for the years 1930 to 1940 as quoted in the 1940 Health Department Report was based on a reported Census of 76,605. However, the official U. S. Census as of April 1st, 1940 set Quincy's population at 75,810. The estimated population and rates for the inter-censal years have been adjusted accordingly.

DEATHS

Crude and Residential Rates — There were 666 deaths occurring in Quincy, of which 69 were non-residents. This gives a crude death rate of 8.7 per 1,000 population as compared with 8.8 in 1940. 151 residents died outside the city making a total of 748 resident deaths. Therefore, the residential death rate for 1941 was 9.8 per 1,000 population as compared with 9.6 in 1940. Table 4 gives the rates for the past ten years.

Sex, Nativity and Age of Decedents — Of the residential deaths, 393 or 53% were males, and 355 or 47% were females. 433 or 58% were native born while 315 or 42% were foreign born. For age groups see Table 3.

Principal Causes of Death — The following table shows the leading causes of death for 1941 as compared with the average for the five years preceding:

	Dec	aths	Per Ce	nt of Total
	1941	1936-1940	1941	1936-1940
Heart Disease	247	220	33.0	29.4
Cancer	123	109	16.5	14.6
Cerebral Hemorrhage	69	69	9.2	
Nephritis	43	55	5.8	7.4
Pneumonia (all forms)	42	52	5.7	7. 0
Congenital Malformations and				
Diseases Peculiar to Early				
Infancy	32	28	4.3	3.7
Accidents	30	35	4.0	4.7
Tuberculosis	24	30	3.2	4.0
Diabetes	18	22	2.4	2.9

For other causes of deaths see Table 1.

Communicable Disease Deaths — There were no deaths caused by infantile paralysis, diphtheria, measles, scarlet fever, typhoid fever, or whooping cough. One death resulted from meningitis, 14 from lobar pneumonia, and 24 from tuberculosis. Year by year the tuberculosis death rate has decreased with the rate for 1941 reaching a new low of 31.5 per 100,000 population as compared with 31.6 in 1940, 61.8 in 1935, and 66.2 in 1931.

Infant Mortality — There were 47 infant deaths, 30 or 64% of which were under one month of age. The leading cause of infant mortality was prematurity due to which there were 19 deaths or 40% of the total. The infant mortality rate for 1941 was 33.6 per 1,000 live births. Table 2 classifies the infant deaths by causes and age, while the mortality rates for the past ten years are included in Table 5.

Maternal Mortality — There were 2 maternal deaths for 1941 which is the same number as was recorded in 1940. The mortality rate for 1941 was 1.4 per 1,000 total births which is slightly lower than that for 1940 due to the increase in the number of births. As will be noted in Table 5 this rate has decreased during the past four years.

BIRTHS

There were 1,288 births occurring in Quincy during 1941, of which 1,071 were residents and 217 were non-residents. 327 resident births occurred outside the city, thus bringing the number of resident-births to a total of 1,398, as compared with 1,174 in 1940. The birth rate for 1941 was 18.3 per 1,000 population which is the highest recorded for Quincy since 1932. The rate for 1940 was 15.5. It is interesting to note that of the 1398 births, 1,361 or 97.4% occurred in hospitals. For birth rates since 1941 see Table 4.

Stillbirths

The total number of resident stillbirths for 1941 was 16 which makes a rate of 11.5 per 1,000 live births. For rates from 1932 to 1941 see Table 5.

It has been our experience in the past two or three years that our diphtheria immunization clinics starting in the fall have been running into bad early winter weather before the completion of the course of treatment. Last fall we made the treatment available at regular pre-school clinics with no particular campaign being launched. This kept us well within the safety requirements as recommended by the Massachusetts Department of Public Health as to the percentage of children immunized. Our idea was to put on our campaign in the Spring when we would be heading into good weather, thereby eliminating the absentees towards the end of the course on account of bad weather. The campaign this Spring will be particularly timely because of the increase of the disease throughout the State at this time. This is due to the large population movement being experienced now. Many persons are coming from areas where diphtheria is more prevalent because these immunization campaigns are either neglected entirely or not carried through in as thorough a manner as we do here. Hence the greater possibility of carriers.

After many years of service as one of our nurses, Mary McLennan resigned this year. She has been a faithful and loyal servant of the public.

I wish to thank all departments, particularly the School Department, for their cooperation without which it would be impossible for us to properly function.

RECOMMENDATIONS

- 1. Realizing the situation in regard to priorities of materials and the unusual expenses that the city is under during this emergency, I still must keep before you the necessity of an incinerator for the burning of rubbish and garbage. While it will probably be impossible to go ahead with any such project this year, it should definitely be borne in mind as a "must project" at the earliest opportunity. There is no need for me to elaborate on the conditions that have existed and which will be corrected only by such an installation.
- II. Again I wish to suggest that the Health Department be represented on the License Board, or that in the case of issuing new licenses for the sale of alcoholic beverages, that the equipment of the applicant be passed by this office before the license is issued. It is far less costly to the city to have the proper facilities installed before the license is issued, than to make repeated calls afterwards, and in many cases go to court before this office is satisfied.
- III. That the bay pollution be not lost sight of on account of today's emergencies. It is more important than ever that good health conditions prevail in a city where there is such a preponderance of defense orders.
- IV. Again I urge the voluntary yearly inoculation of dogs against rabies. Rabies continues to be on the increase in sections of Massachusetts not too far from us. One rabid dog from one of these communities could cause a lot of trouble among animals in the city and they in turn to the people.

Respectfully submitted,

RICHARD M. ASH, M. D., Health Commissioner.

Maternal death rates are per 1,000 total births.

REPORT OF DISPENSARY PHYSICIAN

January 1, 1942.

In war time all deficiency diseases increase and true to form Pulmonary Tuberculosis will probably increase in Quincy for the duration of the war. 1940 showed a slight increase 'and already the waiting lists at Norfolk County Hospital are larger. This problem means that we will have more cases of Tuberculosis during the war years.

As in the economic world in war times priorities and rationing have brought about scarcity, so too, war causes health to suffer for want of food necessities. In a word, war furnishes the explanation for the increase of ill health but offers no remedy.

To stop the increase of Tuberculosis we must give more of our time and money to the needs of the underprivileged so that they may survive this emergency.

In the "Bill of Rights" we refer to the clause calling for the "Pursuit of Happiness" and this implies a good health policy in the body politic. For to be truly happy one needs to be healthy. The City of Quincy subscribes definitely to this policy and liberally appropriates time and money for its citizens. Private citizens and fraternal and social groups also do their part in donating to the general welfare. During the past year this idea was well demonstrated by the Quincy Tuberculosis and Health Association. They not only exceeded their previous Christmas Seal Sales by over \$1,000, but also in this year's drive, they enrolled over seventy-five per cent of the doctors and many private contributors in a Roll of Honor. This Roll of Honor called for considerable financial sacrifice on the contributor's part, but what is more significant, manifested a health minded spirit which will help greatly in the fight to rid Quincy of the much dreaded Tuberculosis. This surely demonstrates not only the spirit but also the practice of the good neighbor policy. Also it proves you can just as easily strive for the slogan "A sound mind and healthy body" in the body politic as well as in the individual.

During the past year the Quincy Tuberculosis and Health Association adopted the idea of a rehabilitation worker for the Quincy Tuberculosis patients. This idea is approved and strongly recommended by the National Tuberculosis Association. By this policy many Tuberculosis patients otherwise doomed to permanent disability and State aid are restored to health and self-supporting citizens. The Quincy Association will carry the entire expense of this venture and thus adds another useful step in Tuberculosis control.

Norfolk County Preventorium

The number of our camp children this year, due to war priority and scarcity of help and certain food commodities, may have to be materially diminished. This is of course unfortunate for the camp is our best method of spreading health education and Tuberculosis control. The children are taught the health regime, both in

theory and practice, and then carry their knowledge back to their homes; thus active cases are found and segregated and contacts are discovered and examined, so you can see, active Tuberculosis is hospitalized and new cases prevented.

May I in closing extend my thanks to you for your splendid cooperation, to Miss Russell, Dispensary Nurse, and to all the other public health nurses who liberally offered their help at the clinics during the past year.

Respectfully submitted,

C. J. LYNCH, M. D., Dispensary Physician.

REPORT OF THE TUBERCULOSIS DISPENSARY NURSE

January 1, 1942.

Respectfully submitted,

GERTRUDE T. RUSSELL, R. N.,
Dispensary Nurse.

REPORT OF THE CHILD WELFARE PHYSICIAN

January 1, 1942.

The birth rate in Quincy continues to rise—18.3 for 1941—as compared to 15.5 for 1940. America does not need more but healthier children—when army examinations show that between 40 and 50 per cent of our young men are physically unfit for military service. In spite of the rise in birth rate the attendance and registration at the Child Welfare Conference was lower than in the preceding year.

I am sorry to say that the infant mortality (33.6) was higher than in 1940 (29.8). Sixty-four per cent of the mortality occurred in infants under one month of age. This shows that two-thirds of the infant deaths are due to neo-natal causes. There were only 3 deaths among the 1,302 babies registered in the clinics. It is well to remember, however, that the clinic registration comprises babies during the first two years of life. The three deaths above mentioned were due to Pneumonia (2) and Streptococcus Infection (1). As you see there were no deaths from nutritional causes.

There were no deaths from Whooping Cough, Scarlet Fever, Diphtheria or Poliomyelitis.

There has been a decrease of 45 per cent in the death rate of infants in the United States since 1921 (according to the yearly report of the American Institute of Actuaries). I believe that the infant mortality in Quincy during the same period has dropped even more rapidly $(1921 = 54.4 \ 1941 = 33.6)$.

Very truly yours,

E. B. FITZGERALD, M. D., Child Welfare Physician.

REPORT OF ORTHOPEDIC CLINIC

February 4, 1942.

The following is a report of the eleven clinics attended by me from January, 1941, to December, 1941, inclusive. 128 patients were examined; 58 were new admissions and 70 were old. The following is a classification of conditions found in these patients.

Poor posture	15
Pronated feet	60
Flat feet and knock knees	26
Bow legs	12
Genu recurvation	5
Flat feet	10

The decrease in the number of patients seen over last year's report is due to the fact that the children examined this year were all pre-school age, and those not of school age in other years were treated at the High School.

Sincerely yours,

JOHN L. DOHERTY, M. D.

REPORT OF THE QUINCY CHILD GUIDANCE CLINIC

February 27, 1942.

I take pleasure in submitting the fifteenth annual report of the Quincy Child Guidance Clinic for the fiscal year ending November 30, 1941.

This clinic, established in 1926 by the Division of Mental Hygiene, has been functioning efficiently since that time without interruption. The success of the clinic is due to the continued support and cooperation of the several social agencies, the School and Health Departments, the physicians, and many individuals interested in promoting health activities for children.

The increased demand for service during the year has made it necessary to establish a waiting list for admission to the clinic. This policy was established only after the whole problem was carefully reviewed, and it was believed that this procedure was advisable in the interest of intensive treatment.

A few changes have occurred in the clinic personnel, but this has not interfered with the efficient operation of the clinic. The staff at the present time consists of Ella P. Cahill, M. D., Psychiatrist; Miss Elizabeth Starkweather, Psychologist; and Miss Dorothy Parkhurst, Psychiatric Social Worker.

The procedure of the Quincy Child Guidance Clinic has been described in detail in previous annual reports, but, for your edification, I will briefly review these standard procedures. The first thought given to a child admited to the clinic is the matter of his physical health. Because of the important relationship existing between the mental and physical bodily functions, each case accepted for treatment must have a physical examination by the family physician or a children's clinic. Next, a social study is made of the child by the psychiatric social worker. The child's background and environments are given special attention. The psychologist then examines and evaluates the child with regard to his intellectual endowment, his special aptitudes, and his educational abilities and disabilities. Following these examinations, the psychiatrist makes a study of the child's total personality, including his behavior and reactions, his inner mental life and all other related factors. This is brought about through interviews with both the parent and child. A conference of the clinic personnel is held for the purpose of summarizing the findings and discussing treatment. In most cases, treatment must be carried on through the parent. The psychiatric social worker, cooperating with other social agencies, assists the psychiatrist in the administering of treatment.

As part of the therapeutic service of the Quincy Child Guidance Clinic, a speech therapist in training at Emerson College has taken an active part in the treatment program of the child presenting speech difficulties under the direction of our Supervisor of Education. It is her function to give individual speech instruction to all children referred to her by the psychiatrist. Occupational Therapy classes have been conducted weekly by a student therapist from the Boston School of Occupational Therapy under the direction of the Supervisor of the School. This treatment is prescribed by the psychiatrist for certain children for the purpose of

aiding them to develop self-assurance, self-expression and social response.

An analysis of the statistical report of the clinic for the year 1941 reveals practically no difference in the number of children served. The fact that sixty per cent of the new cases referred to the clinic were sent in by the school personnel is indicative of the close relationship and cooperation existing between the School Guidance Department and the clinic. In past years, the physicians of Quincy have supported the Child Guidance Clinic in this community better than in any other section of the State where clinical facilities are available. This past year has seen a marked decrease in the number of new cases referred by the medical profession, but no explanation of this change can be made at this time. It is hoped that this is only a temporary reversal of policy, as we have always looked forward to the physicians' support for the success of the clinic in its preventive work.

I have brought to your attention on several occasions the increasing need for supplementing the present Child Guidance Clinic facilities. Other progressive communities in the State have already expanded this type of service. It is anticipated that future plans will include the development of the Child Guidance Clinic program in this community where so much attention has been given to preventive health activities. If preventive measures have been emphasized in the past, now that a state of emergency exists greater emphasis must be placed on preserving the health of the civilian population. All agencies availing themselves of the treatment offered by the Quincy Child Guidance Clinic have constantly brought to our attention the need for additional facilities. We may expect increased service in the immediate future only through the cooperation and active support of the public-minded citizens of Quincy.

INFANTILE PARALYSIS TREATMENT CLINIC REPORT

January 21, 1942.

The following is a report of the activities of the Quincy Treatment Clinic for Infantile Paralysis cases during 1941.

Forty-seven clinics were held at the Dispensary on High School Avenue.

Of the forty-eight active cases in the district, thirty-six were registered in the Clinic. These patients received five hundred and sixty-five treatments and were instructed in the best methods of carrying out home therapy.

Five new cases were admitted to the Clinic during the year, four of them with their onsets of poliomyelitis in the late summer of 1941.

One hundred and forty-six visits were made to the Central Clinic at the Children's Hospital for consultation and examination by the Clinic surgeon.

Very truly yours,

WILLIAM T. GREEN, M. D., Director of Clinics.

REPORT OF COMMUNICABLE DISEASE NURSE

January 1, 1942.

I herewith submit my annual report as Communicable Disease Nurse for the year ending December, 1941.

Two thousand and sixty-two cases of notifiable diseases were reported as follows:

	Anterior Poliomyelitis Chickenpox Dog Bite German Measles Lobar Pneumonia Measles Meningitis Meningococcus Meningitis Pneumonoccus Mumps Ophthalmia neonatorum Pellagra Rocky Mountain Spotted Fever Scarlet Fever Tetanus Whooping Cough	5 434 223 15 112 494 4 1 363 1 1 1 138 2 268

Diphtheria

This is the second consecutive year without a case of diphtheria. Immunization of children by their family physician and in the Health Department clinics has been a big factor in keeping this city free from the disease.

Four hundred and thirty-nine children were immunized during 1941. Immunized by the family physician 234, in the clinics 205. Age groups as follows:

			 25 77
			 38
2 770	O 24 G	• • • • • • • • • •	 17
2 76	cais	• • • • • • • • • • • •	
4 ye	ears		 14
5 ye	ears		 86
			 153
7 ve	ears		 26
			 2
11 776	are		1

Scarlet Fever

One hundred and thirty-eight cases reported, one case more than in 1940.

Fourteen cases were hospitalized at John Haynes Memorial.

Typhoid Fever

Not a case reported during the year as against nine cases in 1940.

During the year routine monthly visits were made to patients having had the disease in 1940, specimens obtained and sent to the State laboratory.

Anterior Poliomyelitis

Five cases reported, all were hospitalized.

Whooping Cough

Four cases of the 268 reported were hospitalized.

Clinics attended	53
V. D. 46 T. A. T. 3 Preschool dental 4	
Office hours daily 9-9:30 — 1-1:30 P. M Children seen in office	642
Certificates were given children to return to school as foll Chickenpox	ows:
Mumps 239 Scarlet Fever 12 Whooping Cough 101	

In the follow-up work, the 1,842 visits made included placarding, settlement histories, revisits, investigation of complaints, school visits and examination of contacts for release from quarantine.

'Monday and Wednesday afternoons were spent at St. John's Parochial School as school nurse.

Respectfully submitted,

CATHERINE F. COLEMAN, R. N., Contagious Disease Nurse

DENTAL CLINIC REPORT

January 1, 1942.

The attendance at the Dental Clinic has been very good during the past year. In September 1941, when I examined the children, the fourth, fifth and sixth grades were included, making a total of six grades. Because of this I am able to follow up the treatment started in the first grades through the following grades up to the sixth inclusive.

It has been shown from experience that it is not primarily because of lack of money that children do not have dental corrections made, but rather through ignorance and the fear of the Dentist. Therefore, a School Dental Clinic provides an educational means of stimulating the child and parent to be interested in the proper growth and health of the teeth.

As you know, clinics are held every school day from 9 until 12 o'clock in the morning and from 1 until 2 in the afternoon. On Monday, Wednesday and Friday afternoon, Miss Della Lucca does prophylactic work from 2 until 4 o'clock and Saturday morning from 9 until 12 noon.

I would like to mention here the able and efficient assistance I have received from Miss Della Lucca, Dental Hygienist, and I take pleasure in extending my thanks to you as Health Commissioner, and also to the members of the Health Department and to the School Nurses for the cooperation I have received during the past year.

Respectfully submitted,

LOUIS E. SULLIVAN, D. M. D., School Dental Clinician.

Quincy (approx.) Number of producers in New England Milk Shed contrib-	17,000
uting to Quincy (approx.)	9,000

Milk contractors' processing plants, storage plants, and creameries distributing milk, cream and ice cream in	
Vehicles used for the delivery of milk products and ice cream in Quincy (approx.). All are inspected fre-	57
quently	200
Amount of milk pasteurized daily in Quincy (quarts) Milk consumed in Quincy daily; all pasteurized except	41,84 0
certified raw (approx.)	40,000
Ice cream manufactured daily in Quincy (gallons)	800
Ice cream sold daily in Quincy (gallons). All pasteurized Certified milk sold in Quincy daily, raw and pasteurized	3,000
(quarts)	100
Grade A milk sold in Quincy daily (quarts)	2,000
Cream, all grades, sold in Quincy daily (quarts)	2,000
Buttermilk sold in Quincy daily (quarts)	500
Retail licenses issued for sale of milk, ice cream and oleo-	01.4
margarine in Quincy (1941)	814
Milk samples collected for bacteria and chemical analysis	1,200 646
Milk samples collected for Phosphatase test	1,294
Milk samples collected from stores, restaurants and	1,234
schools	242
Milk samples collected from dairies	310
Raw milk samples before pasteurization	44
Ice cream samples collected for bacteria and fats and	
solids	48
Number of delivery truck inspections	1,127
Number of dairy inspections and reinspections	759
Number of processing plant inspections	358
Store milk and ice cream cabinets inspected and rein-	
spected (approx.)	700

In the control of milk I recommend that the following be adopted from a point of public health.

- Registration of all vehicles used in the distribution and delivery of all milk and milk products in the City of Quincy.
- 2. Inclusion of phosphatase test of all laboratory samples.
- Inspection of country collection plants at least twice a year.
- 4. Dated caps on all milk delivered or sold in Quincy.

I urge the adoption of regulations covering these items.

The rationing of tires of course will have an effect on the delivery of fresh milk but I believe with full cooperation of the dealers and handlers that the trouble can be minimized.

Respectfully submitted,

JOHN J. CURTIN, Sanitary Milk Inspector.

During the year 1941 seventeen women's groups were shown moving pictures relating to food and meat. It is recommended that a series of pictures relating to public health be sponsored by the Health Department and shown to the general public.

It is again recommended that facilities be provided for taking bacteria counts on eating and drinking utensils. This method of determining the cleanliness of glasses and other eating and drinking equipment is the only sure way of protecting the public against the numerous dieases which are capable of being contracted by using utensils which have been improperly washed.

It is further recommended that the licensing board consult this department relative to sanitary conditions before granting licenses to any applicant for a food or liquor establishment.

Respectfully submitted,

CLARENCE L. EDWARDS, Inspector of Meats and Provisions.

FIFTY-SECOND ANNUAL REPORT OF THE QUINCY CITY HOSPITAL

For the Year Ending December 31, 1941

Member of the

ANNUAL REPORT OF THE QUINCY CITY HOSPITAL For the Year Ending December 31, 1941

To His Honor the Mayor, the President and Members of the City Council:

GENTLEMEN:

The Board of Managers of the Quincy City Hospital presents the report of Hospital activities for the year just ended December 31st, 1941, with comparative figures and statistics of the preceding year 1940. The total number of patients admitted were 8,308, while in 1940 there were 7,444 admissions, an increase of 11.6%. The discharges were 8,307, the deaths 287. As expected, there were similar increases in all other departments.

American College of Surgeons Approves Hospital

Again the Quincy City Hospital met the full approval of the American College of Surgeons, having met the high standards set up by this national body.

War Affects the Hospital

War industries and the United States armed forces have already made demands on the personnel of the Hospital. Three of our internes and many of our nurses have already been called to the colors. These factors have caused a shortage of experienced help for hospital work.

We have had the greatest turnover of employees in the Nursing, Dietary, and Housekeeping Departments. This problem has been partially taken care of by an increased enrollment in our School of Nursing, and the training of attendants and nurses' aides. Additional trained charge people have had to be added in the Nursing and Dietary Departments to do the necessary supervision.

Graduate Nurses Boarded Out

To accommodate additional student nurses in the homes, it's been necessary to move out of the homes some thirty graduate nurses. An additional \$15.00 per month has been granted to these nurses. At the present time, there are 117 students enrolled in our School of Nursing.

Deficit Again Reduced

Due to a greater occupancy of our Hospital by pay patients, the Board of Managers reports, for a third consecutive year, a further reduction in the net operating costs of the Hospital to the City of Quincy. The net deficits for the last three years are as follows: 1938—\$180,306.64; 1939—\$170,229.49; 1940—\$151, 332.69; 1941—\$116,460.00. This reduction, of course, cannot continue.

These results are due to the close supervision and co-operation of the Board of Managers, with the administrative staff, who in turn collaborate with the Staff, the City Purchasing Department, and a conscientious, loyal group of Hospital employees.

Increase in Wages

We must be prepared to meet higher costs and higher wages for the coming year. The Board of Managers, with the approval of the Mayor, and the City Council, hopes to increase the wages of our Hospital workers. It has been shown that the majority of the lowest paid city employees are employed at the Hospital. To meet the increased demands that are made of the Hospital, it will be necessary to have satisfied employees adequately paid, especially now when the cost of living is higher. Some of the increased costs during the year have been met by charging all surgical patients for anesthesia supplies used in the Operating Room.

Medical Costs Must Be Met

The Quincy City Hopital is not fortunate to have large donations given to it by interested citizens or the Community Fund, as is the case in other communities. As a City institution, it is the taxpayer or the patient that must meet the added expense and the increased cost of medical care.

Increase in Rates

Present economic conditions will undoubtedly help in keeping the net cost of the Hospital to our community at a minimum. This will be accomplished by increasing the service rates, ward rates, and semi-private rates 50c per day, and \$1.00 per day for the private-room patients.

Increase in Births

There were 1,268 babies born at the Hospital this year. Babies were born at the rate of 3.4+ per day, making a total of 189 more babies than in the previous year. Judging from bookings to date, a similar increase may be expected for 1942.

Hospital Filled to Capacity

On many occasions, the facilities at the Hospital were taxed to capacity. The highest census reached was on June 6th, when 284 patients occupied beds in the various departments. The enclosure of the porches of the M&S building made this possible.

New Equipment Added

Some of the special equipment added during the year included a Deep X-ray Therapy Machine, purchased with the aid of funds from the William B. White Estate. A Comper Albee Fracture Table and a new ambulance were also purchased, in addition to other essential equipment and surgical instruments.

Recommendations for 1942

- 1. Immediate construction of a building to accommodate at least fifty patients.
- 2. Additional dining-room facilities for the Hospital personnel.
 - 3. Alterations to Hunting Building to increase bed capacity.
- 4. The construction of a 4-5 story building to increase facilities for the Surgical, Obstetrical, Accident, and Out-Patient Departments.

Notes of Appreciation

The Board of Managers, in this annual report, wishes to thank all members of the active medical staffs for their kind co-operation in their administration of the sick at the Hospital and for their many hours of free service to the indigent admitted to our Hospital. We also wish to record our thanks and appreciation to all our friends and organizations for their generous support of the Hospital administration and for the many magazines and presents sent to the patients.

To His Honor Mayor Thomas S. Burgin. and to all members of the City Council, we wish to say "Thank You" for your splendid co-operation and support of the Hospital. To all city departments we express our appreciation for the splendid co-operation given to our Superintendent.

Getting our story to the citizens of Quincy would not be possible without the aid of our Quincy Patriot-Ledger. To the Editor, and the entire management and staff, we say "Thank You."

We do appreciate the work of the personnel, the department heads, and our Superintendent. We wish to extend our appreciation and thanks for their continued co-operation. We know that greater responsibilities will be put on the Hospital—the Board has every confidence that the entire Hospital personnel will meet this challenge.

Board of Managers,

MR. GUY W. HART, Chairman, MRS. WILLIAM A. ROBB, MR. J. BROOKS KEYES, MR. FRANKLIN S. NICHOLS, JUDGE JAMES F. REYNOLDS, Secretary.

REPORT OF THE SUPERINTENDENT

To the Board of Managers of the Quincy City Hospital:
MRS. ROBB AND GENTLEMEN:

It is my pleasure to submit to you this fifty-second annual report of hospital activities for the year ending December 31st, 1941, with comparative statistics for the preceding year 1940. This is the seventh annual report which I have had the honor to present. The year has been an outstanding one in many ways. The records show that the hospital staff experienced the busiest year since the establishment of the hospital. From the chart submitted in this report, one can see the growth of our hospital in the past ten years.

Service Facilities Needed

We have outgrown many of the facilities at the hospital, especially the service building, which contains the laundry, boiler plant, kitchens, and employees' rest rooms. Our serving facilities, for the feeding of our nurses and other employees, are most inadequate for lack of space. In the overcrowded dining rooms, over four-hundred employees must be fed in the short space of one and one-half hours. The present dining rooms were originally built to accommodate a maximum number of three-hundred employees. We have exceeded this figure for more than two years.

Present Employees' Rest Rooms Inadequate

All signs point to a larger number of patients being admitted for 1942. This will require larger personnel, further crowding our service building facilities. Many of our employees work a broken shift. At present, we have inadequate accommodations where these employees may rest until time to report to duty. The employees of the Dietary and Housekeeping Departments are those affected mostly by the broken-hour schedule at the present time.

The Quincy City Hospital, its staff, and facilities, play a major part in maintaining the good health conditions in Quincy. The step-up in general industrial activities in our city and surrounding communities has already affected the hospital. More patients and more accidents demand more hospital service. The hospital is called upon to train more nurses and nurses' aides. The responsibilities placed on the hospital must be met, and they will be met, providing adequate facilities are had, and reasonable wages paid to its employees. Private industry already has taken a toll of our nurses and employees by offering them higher wages. We have suffered a tremendous turnover in personnel in all departments. The efficiency of an organization is bound to suffer. Higher pay to all hospital workers may be the answer to keeping up the morale and efficiency at the hospital.

Lowest Deficit in Ten Years

The expenditures for all hospital activities for 1941 were \$496,864.00, with receipts of \$380,404.00, showing a net deficit of \$116,460.00. This is the lowest figure yet obtained in the experience of the hospital, for the past ten years.

During this decade, the hospital has grown in capacity, more patients have been cared for, modern equipment has always been available, the School of Nursing has trained more nurses, and more men and women have been given employment. The hospital is one of the "larger industries" in our community, employing some three-hundred men and women, with a \$300,000.00 per-year pay roll.

City Departments Co-operate

The results accomplished in 1941 were possible because of the hearty co-operation of the Board of Managers with the Superintendent. The Superintendent, who is in charge, has had faithful and splendid teamwork from the department heads and the employees in their respective departments. A close supervision on the part of the administrative staff, with the aid of our City Purchasing Agent, Mr. John Lane and his staff, contributed a good share in producing a good financial picture.

National Youth Administration

In some departments, our staff of employees was augmented by N. Y. A. boys and girls. We have tried to teach these young people various types of hospital work. They have been a great help to our staff in meeting the needs of our patients.

W. P. A.

The enclosure of the porches of the M&S building, by the W. P. A., made it possible for us to accommodate more bed patients in the hospital this year. Had it not been for this, it would have been necessary either to refuse admission of patients, or place them in crowded rooms and corridors.

More Beds Necessary

Even with these porches, we still need more beds. Porches should be used for emergency purposes only, and not to meet the normal hospital requirements of a growing community. Accommodations for at least fifty additional beds should be made available as soon as possible.

Shortage of Nurses

Hospitals throughout the country are experiencing a shortage of nurses. In Quincy, we are meeting the shortage with student nurses. Our school has increased its enrollment to 117 students. It's been necessary to move out of the homes some thirty graduate nurses, in order to house the additional students. Two additional instructors have been added to our staff to teach and supervise these students. The Quincy City Hospital is co-operating with our government in speeding the nurses' program to meet this shortage. Our speed-up program started some two years ago. We are now benefitting from this program, since it was approved by the Board of Managers at the time, who saw the present emergency approaching.

Red Cross

The hospital facilities have been made available to the Red Cross for teaching Red Cross courses to nurses' aides. A group of our nurses were given a First-Aid course by our genial friend, Mr. Benjamin Hodgkinson. After the completion of this course, several of our nurses took further courses to qualify themselves for future instructors on First Aid. Our student nurses are now being given instruction on First Aid.

Blue Cross

Improved economic conditions in our community had its good effect on our budget. Nine per cent of our total receipts (or the sum of \$35,000.00) was received from Blue Cross patients that were treated in our hospital.

New Equipment Produces Efficiency

Your Superintendent appreciates the co-operation given him by the Board of Managers in securing modern machinery and equipment to perform the various tasks in the different departments of the hospital. Efficiency, due to new equipment, has contributed greatly in the low hospital costs at Quincy. New equipment was added, and other improvements were made, as follows:—

New Equipment:

- 1. Two new kitchen ranges.
- 2. One steam jacket soup kettle.
- 3. New DeWalt buzz saw.
- 4. New suction machine for Operating Room.
- 5. A Deep X-ray Therapy Machine for the treatment of cancer.
 - 6. A new Packard ambulance.

Major Improvements:

- 1. Sound-proofing of ceilings in nurses' and help Dining Rooms. New ventilating system installed in the laundry.
- 2. Automatic feed of boilers and new oil guns, especially made by our Chief Engineer, Mr. Carl Eriksson.

Heating Department

The hospital is fortunate in having as its Chief Engineer, Mr. Carl Eriksson, and a staff of capable firemen. Mr. Eriksson has invented and given to the hospital a new oil burner for our boilers. These instruments have been connected to an automatic feed arrangement and smoke indicator, which have reduced the amount of oil used at the hospital. The efficiency in the operation of the heating department is also due to the interest and close co-operation of all the firemen with our Chief Engineer and Superintendent.

Part-Time Occupational Therapist

The services of a part-time Occupational Therapist have been made available to our patients this year, through the Social Service Fund. Miss Elizabeth Marston, of Wollaston, is in charge of this work.

Hospital Veterans Leave Employ

Employees who have been in the service of the hospital for more than five years who have left our employ this past year, are: Mrs. Annabelle Kerr, Telephone Operator since 1917; Mrs. Edna Swain, Stenographer in Record Room since 1936; Mrs. Rebecca Philbrick, X-ray Technician since 1933; Miss Marie Haley, Head Nurse since 1931; Mrs. Jessie Bishop, Anesthetist since 1930; Mr. Everett Gomez, Maintenance Man since 1933; Mr. Charles Boyle, Electrician since 1932.

Deaths

We regret to record the deaths of two of our beloved members of our hospital family—Dr. Elmon R. Johnson, member of our hospital staff since 1896, and Mr. Gilbert Balkam, a member of the Training School Committee since 1936.

Plea for Co-operation

During these difficult times, it will be necessary for all the departments of the hospital to operate as a unit. The medical staff, the Board of Managers, and the administration must be ready to meet the added responsibilities which have been placed upon the hospital by the war.

Reduce Waste

Supplies of all types have risen in cost and are difficult to obtain. It rests upon the medical and nursing staffs to conserve supplies and equipment. It will be the responsibility of all to help conserve food and all other supplies.

Many more problems have risen in hospitals as a result of the war and the large turnover of hospital personnel. These war conditions will call for more patience and tolerance on the part of the staff and all those in charge.

Appreciation

In closing, I wish to extend my sincere thanks and appreciation to the Board of Managers for their continued advice and support in meeting the problems of our hospital.

To the medical staff, for their continued co-operation and help in the care of the sick, I wish to express my thanks.

May I take this opportunity in thanking the many friends, members of the Auxiliary, the Nursing Committee, and the Social Service Committee, for their splendid co-operation in the past year.

Hospital progress would be difficult without the aid of the Mayor, our City Council, all city departments, and the Quincy Patriot-Ledger. To all, I extend my sincere thanks.

Throughout the year, the patients have received many magazines, toys, wearing apparel, candy, and fruits. We are unable to list the names of these kind friends; therefore, we wish to thank you in behalf of the patients and those of us in charge.

The Quincy Needlework Guild again furnished clothes for our Children's Ward. May I express my thanks to them for their continued interest in the hospital.

We wish to register our appreciation and thanks to the various organizations and groups for the entertainment given to our patients through song or gifts.

The success of any organization depends on the personnel, as well as those in charge. We are fortunate in having a faithful, conscientious group of employees. The entire personnel has been co-operative, and has met the added burdens placed on them from increased use of our hospital facilities. I give due credit to them and wish to extend my thanks and appreciation to each and every one of them. I hope that they will continue in this emergency, as they have in the past.

Respectfully submitted,

JOSEPH P. LEONE, M.D., Superintendent.

REPORT OF THE SCHOOL OF NURSING AND THE HOSPITAL NURSING SERVICE

To the Board of Managers of the Quincy City Hospital: Gentlemen:

Early in 1941 it was evident that the national defense program would affect the nursing service in civilian hospitals and in preparation for this emergency, it seemed expedient for us to step up the enrollment of students in the school of nursing to the capacity of the available clinical services in the wards. Housing accommodations also had to be given consideration.

We have admitted larger classes of students twice each year and a month earlier than formerly. The growth of the student nurse group is shown by the comparative figures:

January, 1937 Senior Intermediate Junior Preliminary	3	January, 1942 Senior Intermediate Junior Preliminary	19 34 39 25
-	40	_	117

The daily average number of patients for the same years are:

January, 1937

Daily average patients 179.3

Daily average patients 236.5

In view of the fact that it has become increasingly difficult to secure an adequate number of graduate staff duty nurses to supplement the student nurses' services in the care of patients, it seemed that increased enrollment of student nurses was one of the solutions for the existing shortage.

During the year we have experienced many changes among the graduate personnel, a number of whom have been released for military services. Added to the losses we have had a higher incidence of illness among the faculty and graduate staff. Both temporary and permanent positions are increasingly difficult to fill.

For many months it has not been possible to maintain the regular quota of general staff duty nurses, and we commonly function with from 8 to 12 vacancies. Neither of these situations are conducive to peak efficiency.

In co-operation with the local Chapter of the American Red Cross a class was started in December to train women to become Volunteer Red Cross Nurses' Aides. Those who complete the course agree to give the minimum number of 150 hours of service to the hospital each year. It is anticipated that a second class will be organized as soon as the enrollment warrants. These workers will be another means of easing the national shortage of nurses.

Plans made for a survey of the school by the Committee on Accreditation were cancelled until such time as we are able to function more normally.

Graduation exercises were held on June 12, 1941 for a class numbering 18. The majority of these young graduates are now employed at the hospital either in executive positions or as private duty nurses.

We wish to express our appreciation to the Doctors of the staff for their generous contribution to the school as year by year they assist us in carrying on the teaching program for the student nurses.

As our country enters upon a total war we realize that we will be called upon as individuals and as a group to make material sacrifices. This is a time when nurses, who are the best qualified, are in a position to make a valuable contribution to their country. It behooves us to maintain a sound educational program during these days of stress and strain so that our student of today will be in a position to make her contribution in the future.

Respectfully submitted,

HELEN O. POTTER, R.N.,
Superintendent of Nurses.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The extension of defense work, and the consequent re-employment in private industry of vast numbers of men who for most of the depression years had had to support their families on a sub-normal or borderline subsistence level has decreased the number of service patients admitted to the hospital, and consequently, the routine financial investigation of this department, in the amount of approximately one patient per day. This release has enabled us to improve the quality of our case work by giving us additional time to devote to the more deep-seated problems involved in medical social work. We may now build up the other intangible services to our patients, which had heretofore been of necessity kept back in the daily press of routine work. We have found that now we may give more time to the individual patient, get to know him and his background better, and follow his care through to the point where he no longer needs the helping hand of a social worker, instead of relegating others in the field to carry on after the patient has left the hospital. This has eliminated confusion and the need for adjustment on the part of the patient, and has increased greatly our own inner satisfactions as social case workers.

I. Personnel

In July, 1941, our efficient and reliable secretary, Miss Betty McNicol, resigned to go into private business. Throughout our two and one-half years' association we depended much on Miss McNicol's initiative and resourcefulness to handle the affairs of the office when the social workers were otherwise occupied.

In her place, we have Miss Dorothy Roberts, who has fitted admirably into the routine of the department.

II. Case Load

There were a total of 1,945 investigations of service patients, involving the gathering of financial and legal settlement data, and the adjustment of the bills of 280 persons. In addition, we investigated the financial status of 53 private patients, at the request of the admitting office or Dr. Leone, and helped in the adjustment of 37 old bills. There were 214 cases referred to the Department of Public Welfare or Health Department for reimbursement.

There were 215 automobile accidents investigated, including inquiries into the ability to pay for hospital care and the contacting of police departments, lawyers, and insurance companies.

	Provision for convalescent or chronic care in the home or	
	in nursing homes	53
7.	Provision of surgical appliances	8
8.	Children placed in foster homes	ç

Workers in the department made 860 home visits and brought 8 patients to the hospital two and three times a week for treatments.

We talked to the student nurses on four occasions, discussing social aspects of various illnesses, and describing the work of the department. In addition, Miss Feldman arranged for students to accompany her on home visits to the families of patients on the pediatric service.

III. Tumor Clinic

There have been 18 new patients seen in Tumor Clinic of whom three have had cancer of the skin, one each of the breast, rectum and esophagus, one had a pre-cancerous condition, nine were found to have benign conditions, and one is still under observations.

The clinic social worker has attended four meetings of the State Cancer Program staff, held for the purpose of attaining unity of aim and method in the 23 state-aided cancer clinics.

IV. Prenatal Clinic

There were 150 new patients admitted to the clinic by the social service department, making a total of 676 visits in the year. Although the average clinic attendance has decreased considerably, it is interesting to note that the total decrease in the number of patients is only 15 per cent.

On October 9, 1941, we instituted a new service to patients in our clinic—routine X-ray of the chest to determine incipient or latent tuberculosis. To the Norfolk County Health Association, whose help makes this possible, and to the Visiting Nurse Association, which not only checks cliniq patients in their homes, but provides us with the services of a competent nutritionist in the clinic, our sincere appreciation is hereby expressed.

V. Social Service Committee

The members of the Social Service Committee in 1941 were: Mrs. Malcolm Sargent, Chairman. Mrs. Fred Bergfors, Mrs. Alfred Brown, Mrs. F. Ramon Burke, Mrs. T. Vincent Corsini, Mrs. Edward Dobbyn, Mrs. Harry E. Dupee, Jr., Miss Helen Gavin, Mrs. Robert O. Gilmore, Mr. and Mrs. Guy W. Hart, Mrs. Paul Karcher, Mrs. Edward M. Nathan, Mrs. Harold P. Newell, Miss Sadie Papile, Mrs. Merton Rix, Mrs. Joseph Serafini, Mrs. Frederick Tobben, Miss Carlena Walker, Miss Marjorie Welch, Mrs. Eugene Cox, Dr. Joseph P. Leone, and Miss Ruth Darr.

The Fifth Annual Charity Ball, of which Mr. Frank Remick was chairman, was held on April 25, 1941, at the Neighborhood Club, and netted the Committee the outstanding amount of \$919.65, no small tribute to the executive ability of Mr. Remick, and to the splendid co-operation he received from the other members of the Committee.

The Third Annual Charity Bridge was held in the Conference Room of the hospital on December 1, 1941, and we realized the amount of \$82.00, in spite of the fact that for the first time, we had to pay an amusement tax.

The Committee voted to sponsor as a project the services of an occupational therapist to work with the convalescent patients, with their doctors' consent. Miss Marie Murphy of the Faulkner Hospital spoke to the Committee and showed how such work is of value in a general hospital, not only as a means of making the patient's hospital stay more pleasant but as a definite contribution to medical treatment. Patients kept otherwise occupied do not have time to worry about themselves, their families, or their business, and their recovery is hastened. In addition, exercise for diseased or unused muscles is much more pleasant when the patient is not conscious of it, but does it while performing some other task. We engaged the services of Miss Elizabeth Marston, a graduate of the School of Handicraft and Occupational Therapy, as a part-time occupational therapist. We feel Miss Marston has made a definite contribution to our facilities, and recommend that the Board of Managers consider seriously including this service as a permanent department of the institution.

The members of the Social Service Committee are all busy people, and we at the hospital genuinely appreciate their interest in, and devotion to, our institution.

VI. Acknowledgements

It has been noted by those coming from the larger urban areas that the friendly spirit of co-operation among the service agencies in Quincy is particularly marked. This is true, I feel, because the size of the community is such that the workers in the different agencies have an opportunity to meet and know personally not only all the other workers, but the executives and board members as well. This brings about a better understanding of the policies of each agency, and the ways in which agencies may augment, not overlap, one another.

We acknowledge, therefore, the helpful service rendered by the city government, especially Mr. Anthony Venna and his coworkers in the Department of Public Welfare, Miss Effie Waddell and Miss Carlena Walker, of the Family Welfare Society, Mrs. Grace Lee of the Visiting Nurse Association, and her efficient staff of nurses, as well as Miss Marjorie Foster, the nutritionist in her agency, Miss Elsie Thomas, of the Society for Prevention of Cruelty to Children, Miss Helen Gavin, of the Quincy Court, Mr. James Carter and the other members of the staff of the Health Service of the Quincy School Department, through whom the Kiwanis Club financed 14 tonsil operations.

We also wish to acknowledge the splendid co-operation and help offered by the Administration and Staff of the Quincy Hospital which we have always felt were supporting us to the fullest extent.

Respectfully submitted,

RUTH DARR, Director, Department of Social Service.

REPORT OF THE X-RAY DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The following is a report of the work done in the X-ray Department during the year 1941.

Personnel

Elliot Vining, who has been with the department for three years, resigned to enter the Navy on February 20, 1941. His place was taken by John Williams, R. T., on March 6, 1941. He is still with us and is doing excellent work. Rebecca Philbrick, who has been connected with the department for several years, resigned on March 6, 1941, and her place was taken on March 17, 1941, by Virginia Spaulding, who also has proved to be a very satisfactory technician. The clerical work was done during most of the year by Phyllis Acebo and Mary McLaughlin. In the fall, they were moved to other departments in the hospital and their work was taken over by Mary Popowitz. She has fitted in well with the routine of the laboratory and transcribes the reports with speed and accuracy. Five N.Y.A. girls have worked during the entire year in bi-monthly shifts. They assist in the filing of films and reports, and answer the telephone. Their names are Virginia Beck, Ruth Nourse, Barbara Fassnacht, Corine Callahan, and Catherine Driscoll.

New Equipment Desired

We need an automatic thermostat in the dark room in order to keep the solutions at a definite temperature regardless of the temperature of the room.

New Equipment

During the year a new deep therapy unit was installed. It was manufactured by the General Electric X-ray Corporation and possesses an output of 200,000 I.V.P. It is a shock-proof unit and has the advantage of great flexibility, enabling us to approach a deep seated tumor from any angle.

A new electric clock has been installed in the dark room as an added check on the time element in the development of films.

A floor switch for a portable light was also installed in the cystoscopy room, and a small dressing room added for the storage of sterile goods used in cystoscopic examinations.

Room for Low Voltage Therapy

We still need a change in the location of the low voltage therapy room due to the fact that it is difficult to transport bedridden patients to the room we now use, owing to the necessity of mounting four steps to reach the floor level. We are still hoping that the room directly across the hall from the radiographic department may be available during the year.

The following is a statistical report of the work done during the year 1941:

Total ExaminationsLow Therapy	
Deep Therapy	109
Radium Treatments	32
_	
Total	5.971

We desire to express to the Administration and the Staff our appreciation of their continued cooperation.

Respectfully submitted,

CHARLES WHELAN, M.D.,
Roentgenologist.

REPORT OF THE LABORATORY DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

To the Superintendent and Board of Managers of the Quincy City Hospital, the report of the Clinical and Pathological Laboratory is hereby submitted:

The year 1941 again showed an increase over the preceding year in the total number of laboratory tests performed, the total for 1941 exceeding that of 1940 by 2,957 examinations.

Miss Barbara King has been added to the laboratory force as a clerk.

Twenty-six per cent of the deaths or a total of seventy-nine post mortem examinations were made.

The equipment in the laboratory has been kept up to a high standard. We wish to thank the Superintendent and the Board of Managers for their full co-operation.

The following is a classified report of the examinations performed:

Routine and chemical urine examinations Hematology Serology Bio-chemistry Bacteriology Pathology Animal inoculations E-K-G B-M-R Miscellaneous examinations	9,986 21,031 624 1,517 1,689 1,274 367 350 369 270
Total	37,477

Respectfully submitted,

FRANCIS P. McCARTHY, M. D., Pathologist.

REPORT OF PHYSICAL THERAPY DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The following is a report of the work done by the Physical Therapy Department.

Examinations and Treatments in 1941

Examinations	. 22
Auto-condensation	
Diathermy	
Electric Saturation	30
Fulguration	
Galvanism	
Short Wave Diathermy	1,310
Sinusoi dal Electro-therapy	996

Total Modalities	
Total Patients	5 726

There have been no changes in personnel during the past year and no new equipment.

We have made a color motion picture of the work done in the department for use in teaching treatment methods to the nurses and others.

Respectfully submitted,

CLAUDE L. PAYZANT, M. D., Director, Physical Therapy Department.

REPORT OF THE DIETARY DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The cost of all uncooked food used in the hospital for the year of 1941 was approximately \$73,250.00. This covers the feeding of approximately 158,400 persons, which number includes all patients, doctors, nurses and employees. This means the cost of uncooked food per person per day was \$0.46.

The price of all uncooked food showed a steady upward trend during the entire year, but the sharpest rise was during the last three months. This caused our per capita cost to increase steadily during the year.

The past year has seen a rapid turnover in help in the Dietary Department. Experienced kitchen help is extremely difficult to get. At present there are only three employees in the kitchen who were here last year.

Our only new equiqment was a steam cereal cooker to replace our old one which finally wore out. We also had two small copper steam kettles made into one large one, thus giving the kitchen another large steam kettle to help in emergencies.

> LAURA D. WENDT, Dietitian

REPORT OF THE HOUSEKEEPING DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

During 1941, an additional new store room was completed, giving a great deal of extra space for the storing of supplies.

A new fan was installed in the Press Room of the Laundry.

A new metal truck was made available to the Laundry this year.

A good majority of the employees of the Housekeeping Department again attended and enjoyed the Christmas party held in the Conference Room.

Respectfully submitted,

CATHERINE LAUDER, Housekeeper.

REPORT OF THE MAINTENANCE DEPARTMENT

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

During 1941, the following new work and alterations were accomplished by the Maintenance Department, in addition to our usual maintenance work at the hospital:

- 1. Tile installed in Formula Room, Hunting-2 Utility Room, and bathroom in Administration Building.
 - 2. Alterations in X-ray Department.
- 3. Equipment manufactured for nurses' station on M&S-1 which was partitioned.
- 4. Rest rooms made for nurses, in Faxon Home and Gordon House basements. Student nurses' library bookcases moved to and installed on the first floor.

- 5. Twenty-five bedside tables were made.
- 6. New starting equipment and necessary new wiring for heating system vacuum return pumps.
- 7. Signals wired and installed between Surgery and Admitting Office. Also, between second floor in Rice Building to the Nursery.
 - 8. One Boiler Feed Pump reconditioned.

There has also been considerable time taken from maintenance work to make necessary preparations to comply with civilian defense regulations and recommendations.

During the year, we have had added a DeWalt Combination Saw, which, due to its flexibility and portability, has proved to be a very useful and time-saving piece of equipment.

Respectfully submitted,

CARL E. ERIKSSON, Chief Engineer.

REPORT OF THE PRESIDENT OF THE STAFF

To the Board of Managers of the Quincy City Hospital: Gentlemen:

The splendid spirit of co-operation among the several departments of the hospital, which has been so much in evidence for a period of several years, continued to exist during 1941 and resulted in further improvements and progress in the treatment of patients.

Frequent meetings of the Staff, its Executive Committee, and its President, were held with the Board of Managers, the Superintendent of the Hospital, and the Superintendent of Nurses, at which many matters pertaining to the good of the hospital were discussed, and measures taken to improve the efficiency of the several departments.

During the past year, several changes in the personnel of the Staff occurred. Dr. William J. McCausland retired from active service on the Surgical Staff and was appointed Consulting Surgeon. Dr. Richard M. Ash was appointed Surgeon to fill this vacancy. In accepting this appointment, Dr. Ash resigned as Chief of the Obstetrical Service, and this was filled by appointing Dr. Leslie H. VanRaalte to the vacancy. Dr. George D. Dalton was appointed Associate Surgeon, Dr. Edmund L. Carey was appointed to the Obstetrical Service, and Dr. Walter M. O'Brien was appointed Junior Surgeon. Dr. David D. Scannell and Dr. Halsey B. Loder were appointed as Surgical Consultants.

During the year, the Staff was saddened by the death of Dr. George H. Powers and Dr. Elmon R. Johnson, both of whom had served the citizens of Quincy on the hospital staff for many years. Dr. Johnson's life was also noteworthy for the services he had rendered the community outside of his profession and these activities have been recognized in the resolutions inscribed in the hospital records.

Dr. Irving L. Shaw resigned from the Dental Service, much to the regret of the Staff, who wishes to express to him its appreciation for the efficient work he has done at the hospital in the past. It was decided that because of the increased amount of dental work at the hospital, the number of dental surgeons on the Staff should be increased. After consultation with members of the local Dental Society, the following dentists were appointed: Dr. Bernard N. Farren, Dr. Paul H. Karcher, Dr. Richard J. Larkin, Dr. John T. Saunders, and Dr. Frederick S. Tobben. Each of these, with Dr. Frank J. Kenna, will serve two months each year.

Dr. Ensio K. Ronka, a member of the Surgical Staff, has been called into military service as an officer in the medical corps, and the Staff extends to him its best wishes for success in his new work.

Considerable study was devoted during the past year to the matter of an Out-Patient Department at the hospital. A committee was appointed which went into this question exhaustively, and after a survey found that a large number of patients were being treated at the various clinics established in the City of Quincy, including many out-patients already being treated at the Quincy City Hospital, which in themselves were straining the facilities of that institution. The Staff went on record in stating that it was willing at any time to attend to the running of an Out-Patient Department at the Quincy City Hospital if such a department could be established, but that at the present time the limited facilities at the hospital made it impossible to take on this additional work.

Another matter of considerable importance that confronted the Staff during the past year was that of limited bed capacity in taking care of the increased number of patients that were applying for entrance to the hospital; this applied particularly to the ward patients. It is not generally recognized that although at times there may be twenty-five vacant beds in the hospital, these beds, for example, may be those that can be occupied only by infants or children or female cases. Some of them may be suitable only for certain kinds of infection. With this example in mind, it may readily be seen that any catastrophe in our city resulting in a number of men injured, would place the hospital in a position of being unable to care for such casualties efficiently. Because of this and of the generally crowded conditions at the hospital at times, the Staff has given considerable thought to this subject. A Building Committee was appointed which, after a number of meetings, made a report substantially as follows: It recommended:

- 1. Prompt completion of building already started beyond the M&S Building, because the proposed new and larger building will take probably two years to be constructed, and during this time there will be increasing demands on the hospital facilities. Also, the immediate need for more bed space promptly is evident.
 - 2. Completion of fourth floor on Hunting Building.
- 3. New building of first-class construction four stories in height, according to the tentative plans already drawn up.
 - 4. Increased space for facilities in Service Building.

On November 6th, 1941, the Building Committee recommended: That inasmuch as the erection of the proposed new four-story building will not increase the bed capacity of the hospital for at least eighteen months, we wish again to emphasize the urgent need for the immediate construction of a building to accommodate forty to fifty adult beds.

Since the above was passed, our country has entered the war, and we are engaged in setting up a civilian defense in the city, against attack by the enemy. If such an attack does come, we can expect a substantial number of casualties. Everything is being done to prepare the hospital to meet this emergency, but it is obvious that at the present time the bed facilities at the hospital are entirely inadequate.

Respectfully submitted,

WILLIAM R. HURLEY, M. D., Staff President.

REPORT OF THE STAFF PROGRAM COMMITTEE

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

In an endeavor to find a suitable time for the Staff meetings, the meetings have now been alternated between noon and night.

There has been some improvement this year in attendance, but there is not an adequate or complete attendance as yet.

A more general effort by members of the Staff to read papers would greatly improve the Staff meetings and would be a further stimulus to co-operative effort within the Staff.

Respectfully submitted,

J. EDWARD KNOWLTON, M. D., Chairman.

FRANCIS G. KING, M.D., ROBERT O. GILMORE, M.D., ARTHUR RAPPEPORT, M.D.

REPORT OF THE AURAL SERVICE

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The Aural Service, comprised of Dr. Robert O. Gilmore, Dr. James M. Ward, and Dr. Walter L. McClintock, have completed another year of service to the hospital in their capable and conscientious manner, each member serving four months of the year.

During 1941, the hospital admitted 1,274 aural patients, both service and private; it discharged 1,282, and ran a daily average of 12.4 aural patients. Under this heading of 1,282 discharges, there were two deaths, one post-mortem examination, and forty-five aural patients were seen by consultants. There were 799 private tonsil patients admitted, and 211 service tonsil patients, with

a total of 642 for children twelve years of age and under. In addition to the 211 service tonsil operations, this service performed 23 other aural operations.

As Chief of the Aural Service, I take this opportunity to publicly commend the members of the Aural Service who have so faithfully performed their duties to the hospital. I would like to express my appreciation to the Nursing and Hospital Staffs for their co-operation during the past year.

Respectfully submitted,

WILLIAM J. HARKINS, M. D., Chief of Aural Service.

REPORT OF THE OBSTETRICAL SERVICE

To the Board of Managers of the Quincy City Hospital:
Gentlemen:

The Obstetrical Service of this hospital wishes to report the following information for the year 1941.

There were 1,248 deliveries d	uring the year, but of these only
172 were service patients. These	e are divided as follows:
Normal	Low forceps 12
Mid forceps 1	Breech 6
	Internal podalic versions 3

One set of twins was delivered on the service; six premature children were born, and there were two stillbirths which were full term.

Appended is an analysis of confinements at the hospital for the past five years.

	1941	1940	1939	1938	1937
Obstetrical Patients Discharged	1,330	1,120	960	984	938
Deaths	2	2	0	3	3
Autopsies	0	0	0	1	1
Consultations	75	50	75	52	21
Prenatal Clinic Visits	675	816	825	857	616

It is obvious that there has been considerable increment in the number of patients handled in the Obstetrical Department. During the past year, there has been a decrease in the number of service patients. In view of the fact that the total number of patients delivered has increased, there has been an even greater demand upon private rooms. We have had added to our total facilities in the past year only ten beds. This increase has not kept pace with the number needed because of the increased confinements. We, therefore, again make a plea for more obstetrical facilities.

Respectfully submitted,

LESLIE H. VANRAALTE, M. D., Obstetrician-in-Chief.

REPORT OF THE PEDIATRIC SERVICE

To the Board of Managers of the Quincy City Hospital:
Gentlemen:

The following is my report of the Pediatric Service for 1941.

Little or no quarantine of the ward (because of contagious disease) has been necessary.

A vacuum line has been installed. This will be of untold benefit for aspiration in certain types of cases. An "electro-steam" radiator has been placed in the babies ward for use when there is a demand for extra heat.

An additional steamer has been ordered for treatment in certain cases of severe croup.

For use in the newly born service, a large bottle sterilizer (twice the capacity of the old one) has been ordered.

The ward is still crowded at times, and it is hoped that soon we may have more room.

During 1941, there were 219 medical cases admitted. Of these, 106 were service patients; 223 were discharged. There were 11 deaths, of which 4 came to the autopsy table. There were 42 consultations. The daily average of patients was five.

Cross-infection with respiratory diseases is always a problem. When this hospital gets a new Children's Ward, an attempt will be made to solve this problem by the use of ultra-violet "barrier" lamps. It also has to be admitted that visitors (particularly during epidemics of the common colds) bring in infections.

I hope that the current shortage of nurses will not affect the efficiency of the Pediatric Service, inasmuch as this is a service where nurses accustomed to handling children are essential.

Respectfully submitted,

EDMUND B. FITZGERALD, M. D., Chief of Service.

REPORT OF THE HOSPITAL LIBRARY

To the Board of Managers of the Quincy City Hospital:

GENTLEMEN:

The year of 1941 saw an important change in the hospital library service. In previous years books have been taken around to the patients five days a week, Monday through Friday. During the last year we have included Saturday in our schedule, so that now on Mondays, Wednesdays and Fridays patients in Rice and Hunting buildings are served, and on Tuesdays, Thursdays, and Saturdays, patients in the Medical and Surgical buildings. This plan has worked out very well thus far, and we intend to continue with it as long as it remains satisfactory.

Circulation has dropped off sharply in the libraries of the United States during the past year; the reasons for this are fairly obvious. First of all, with the increase of employment, leisure reading time has been infringed upon and secondly, the reading of world happenings in the newspapers has become exceedingly important and time-consuming. Our hospital library has experienced a slight drop in circulation in the past year; total books circulated in 1941, 16,587 as compared to 17,000 in 1940. This is probably due to this increased interest in reading newspapers. Then, too, we may have reached our peak of circulation in 1940. If this is so, the circulation should remain at about the same level until the time when the hospital is enlarged, giving the library a larger population to serve. A final decision on this point obviously requires a longer time-study. The coming of the occupational therapist in July of 1941 may also be lessening the amount of reading done by patients.

Story-telling in the Children's Ward had to be discontinued in 1941 because of the increased demands on the librarian's time through the opening of Rice 1 and Rice 2. Story hour has been received so well in the past, that it is really too bad to have to omit it. There may be some arrangement made later, however, so that it may again be given.

Talks on library orientation are given to the incoming classes of nurses; and the new books in the Gordon House nurses' library are still being cataloged by the hospital librarian. This is a continuation of the close collaboration between the hospital and library as conducted in previous years.

Our library is still primarily a patients' library, even though the personnel use it to a great extent. Figures show that the patients use the library approximately twice as much as the personnel does. Many books are borrowed from the main library to supplement our collection, for both patients and personnel.

In October, Miss Gertrude Henrikson resigned as hospital librarian to accept a position as librarian of the Walpole, Massachusetts Library. We shall try to continue to do the enthusiastic and thorough work done by our predecessor.

Many of the patients have expressed their thanks for our service orally and through gifts of books and magazines. We are deeply grateful for their thoughtfulness. We also wish to thank the hospital authorities and the personnel for their cooperation and aid to us.

Respectfully submitted,

CATHERINE M. ZOTTOLI,

Hospital Librarian Thomas Crane Public Library.

REPORT OF THE PUBLIC WELFARE DEPARTMENT

HON. THOMAS S. BURGIN, Mayor of the City of Quincy:

The Department of Public Welfare respectfully submits the following report for the year ending December 31, 1941:

General Relief

The economic conditions in Quincy remained at a high level during 1941. We were again able, for the third successive year, to reduce our expenditures for general relief. In 1941 our total outlay for general relief was \$47,279.11 less than 1940. The majority of our cases are unemployables. In 1941 the personnel of the department was reduced. Three of our visitors and one clerk resigned. The department now has only nine regular employees attached to the General Relief Division.

The department continues to be the referral agent for the W. P. A. in this city. In 1941 twelve hundred persons were interviewed for W. P. A. work, and those found to be eligible were referred to the Boston assignment office. At present there are three hundred and twenty-five persons on W. P. A. who have been certified from this office. This department certified, through investigation, several hundred families who were eligible to receive help by the Housekeepers Aid Project. The W. P. A. Surplus Commodities, such as clothing and milk, are also certified by this office. There are seven milk stations open daily in Quincy for the dispensing of milk to relief cases.

During 1941 sixty boys were sent to the various C. C. C. camps in New England.

During 1941 the department has cooperated with the Selective Service Boards and has made one hundred and ninety dependency investigations for the local draft boards.

On April 7, 1941, the Stamp Plan was instituted in Quincy. The office was officially opened by our Chief Executive, Hon. Thomas S. Burgin, Mayor. Mr. George Hayes was appointed manager of the office, and Mr. Joseph Whittier was named cashier. During 1941 Mr. Whittier died and Mr. D. Francis Sweeney was appointed cashier. The Stamp Office is located at 121 Washington Street. In 1941 there were 1762 families which participated in the plan and \$62,000.00 worth of stamps were sold.

City Infirmary

Our City Infirmary cared for approximately thirty persons at all times. In 1941 we had a splendid garden which resulted in a large crop of vegetables. The Infirmary is in need of several major repairs, such as fire alarm system, sprinkler system, and painting. During the year there were 12,341 man hours of work put into the Infirmary by welfare help.

Clinic and Dispensary

The clinic and dispensary continued in operation during 1941. During 1941 there were 915 cases treated at the dispensary and 3,365 prescriptions compounded.

Old Age Assistance

On January 1, 1941 our Old Age Assistance cases numbered 1,104 and during the year we placed 195 new cases on our payrolls. This increase, however, was almost offset by the number of cases closed by death, transfer, or increased ability of children to support their aged parents made possible by defense employment. Hence, our case load on January 1, 1942 is 1,122.

Pressure of Old Age groups and the increased cost of living culminated in the passage, late in 1941, of a new bill by the legislature, in which the minimum amount of aid allowed those cases entirely dependent on their Old Age allotment for support, was raised from \$30 to \$40 per month. Aid to couples was increased from \$50 to \$65, and many minor policies liberalized the law. However, this increase does not take effect until May 1, 1942. Notice of the expected change was given immediately so that city and town officials might increase their appropriations sufficiently to cover the additional expenditures for the last eight months of the year.

Mrs. Cecelia Heselton was added to the Old Age staff, taking the position vacated by our beloved visitor, Mrs. Helen Pendergast, who had passed away. To her was assigned the preparation of new cases for the Board and visitation of convalescent homes. At the close of the year she was placed in charge of the A. D. C. Department, succeeding Miss Evelyn Ford, who had accepted a position with the State Department.

Aid to Dependent Children

There were 53 new applications for Aid to Dependent Children in 1941, of which 43 were approved as eligible. A total of 67 cases were closed during the year, due mostly to the increased earnings of older children in these families, making a net decrease of 24 cases in the total number aided.

A new form of aid has been approved by the Social Security Board for families where the man is called under the Selective Service Act or families of National Guardsmen called to service. The man being away from home will be considered "absent from home" and if his pay cannot support the family, it may be supplemented by A. D. C.

We again wish to express our appreciation of the continued cooperation manifested during the past year by the various departments and organizations throughout the community.

For the details of expenditures, reference is made to report of the Auditor of Accounts.

Respectfully submitted,

ANTHONY J. VENNA, Commissioner of Public Welfare.

REPORT OF CITY PHYSICIAN

February 28, 1942

THE HONORABLE THOMAS S. BURGIN City of Quincy, Massachusetts

My dear Mayor Burgin:

I wish to submit the annual report for the year 1941 as follows:

Number of house visits	1246 915
Number of patients referred to hospital from clinics	84
Number of patients referred to dentist	10
Number of patients referred to Eye, Ear, Nose and Throat	10
Specialists	36
Number of vaccinations	18
Number of minor operations and special treatments	92
Number of police calls	- 25

To the W. P. A. nurses and to Miss Gillespie of the Quincy Visiting Nurses Association I wish to extend my thanks for their kind cooperation.

Respectfully yours,

ASTRO A. DI BONA, M.D., City Physician.

REPORT OF POLICE DEPARTMENT

January 1, 1942

CONCLUSION

Complaints investigated

Death entered the ranks of the Department during the year with the loss of Lieut. James H. Whelan and Patrolman Thomas J. Thompson. Officer Thompson covered the upper Washington Street route. He was stricken with sickness and died at the Quincy Hospital on January 13, 1941. Lieut. Whelan was on duty at the Police Headquarters on the last half on November 2nd, 1941 when he was stricken with illness, a physician called and attended him and ordered him taken home, where he passed on with the wagon officers at his bedside. Both of these men were very good Police Officers and their deaths were an extreme loss to the Department.

During the latter part of the year, Lieut. William Ferrazzi was appointed Acting Captain, as a Council order increased the number of Captains from 2 to 3 Captains. He was also appointed by me as War Duty Officer of the Police Department, having been recommended after attending the National Police Academy Retraining School of the F. B. I. at Washington, D. C.

Sergeants Edward G. Riley, William F. McIntyre, Fred E. Young, Anthony Caperci and James W. Kemp were promoted to Lieutenants and Patrolmen John J. Fitzgerald and Joseph F. Hughes were designated as Acting Sergeants pending an examination that was to be held later.

Reserve Officers John J. Bryan, John F. Denneen, Kenneth S. Poulin and William McAuliffe were appointed Permanent Patrolmen, and later John Pepi, Harold D. Ferguson and Edward Griffin were appointed Reserve Officers to fill vacancies.

I recommend 12 men be added to the Department by reason of the increased amount of traffic due to the Fore River Shipbuilding Company war contracts, as well as the proposed new shipyard at Hingham, which will call for extra officers on traffic duty, both on cycle as well as on foot. To persons not familiar with Police Department duties, there is little chance for them to pass fair judgment as to the justification of our claim for additional officers. I can only urge the necessity of the men, believing that the last half detail should be of the same numerical strength as the first half.

I believe that the life of any automobile in the Police Department used continually as Radio cars is one year and recommend the replacement of eight autos used in that line of work.

In conclusion, I wish to thank Mayor Burgin, the City Council, the heads of the various City Departments, for their assistance given me. I am also grateful to the District Attorney and the members of his staff, to the Justices of the Court, the Probation Officer and members of his staff, to the Clerk of the Court and his office staff for their consideration and advice.

To all members of the Department who have worked to reach and maintain a high standard of efficiency, I am sincerely thankful and to assure my appreciation that our best efforts to merit their confidence in the future will be given.

Respectfully submitted,

JOHN J. AVERY, Chief of Police.

REPORT OF FIRE DEPARTMENT

February 9, 1942.

Hon. Thomas S. Burgin, Mayor City of Quincy, Quincy, Massachusetts

Dear Sir:

I respectfully submit the report of the Quincy Fire Department for the year ending December 31st, 1941.

The report contains the personnel, apparatus, list of alarms, the value of property at risk, the insurance carried, the insurance paid on fire losses, as near as possible, recommendations for the ensuing year and other pertinent information that may be of interest.

Personnel

The personnel of the department consists of 112 men who rank as follows: Chief of Department, three Deputy Chiefs, eleven Captains, ten Lieutenants, and eighty-seven Firemen. One Deputy Chief is assigned as War Officer during the present emergency, one Captain is assigned as Head of Fire Prevention Bureau, one Private is assigned as Clerk of Fire Prevention and three Privates are assigned to Fire Alarm as operators.

IN MEMORIAM

To those faithful members who answered their last call, but whose loyalty and faithfulness in the performance of their duties will remain foremost in the annals of the Quincy Fire Department.

Lieutenant George Nimeskern — Born October 16, 1893. Died May 14, 1941 while on duty.

Lieutenant Paul Avery — Born October 2, 1888. Died May 27, 1941.

The following members of the department were retired after years of excellent service: Lieutenant Henry Hughes, and Privates Frederick O'Brien and Charles F. Litchfield.

The following promotions were made to fill vacancies caused by death and retirement: Privates Joseph Capiferi, James Mc-Niece, John Quinn and Alexander McEachern to Lieutenants.

A third Deputy Chief was created by the City Council and on November 29th, 1941, Captain Robert Fenby was promoted to fill the newly-created position. He was also designated to attend the Training School for Chemical Warfare held by the Army at Edgewater Arsenal, Maryland.

A new Deputy Chief's car and a new Supply Truck were purchased and placed in service.

The Quincy Point Fire Station was begun and during the period of construction, Engine 3 was assigned to cover their district from Headquarters.

To aid the regular department in the event of a war emergency, an Auxiliary Fire Force was organized and training classes begun under the supervision of the department drill masters.

Recommendations

- 1. That a Mechanic be appointed to maintain the apparatus of the department.
- 2. That a new station be erected at Houghs Neck to replace the present frame structure.
- 3. That three new 1,000 gallon pumpers be purchased, also a 65-foot junior aerial ladder to replace Engines 1, 2, 4 and Ladder 2 respectively.
- 4. That a Rescue Squad with ten men be placed in service to respond to all bell alarms.

In conclusion I wish to express my sincere thanks to His Honor, the Mayor, the City Council, the various City Department heads and the officers and members of the fire department.

Respectfully submitted

WILLIAM J. SANDS, Chief of Department.

FIRE AND POLICE SIGNAL DEPARTMENT REPORT

January 1, 1942

Hon. Thomas S. Burgin, Mayor, City of Quincy Quincy, Massachusetts

MY DEAR MAYOR:

I respectfully submit the annual report of the Fire and Police Signal Department for the year ending December 31, 1941.

This Department, consisting of four maintenance men and one superintendent, has through the past twelve months maintained the fire alarm, police signals and traffic systems at maximum performance with minimum expense.

Ten new fire alarm boxes were added and three new box circuits were completed. Two new police boxes were placed in service and three new recall lights were installed. Four traffic intersections were equipped with pedestrian control signals and many improvements were made at other points.

Defense communications are in service but must of necessity be confidential.

Very truly yours,

THOMAS J. SMITH, Superintendent Fire and Police Signals

REPORT OF INSPECTOR OF BUILDINGS

January 2, 1942

Hon. Thomas S. Burgin, Mayor of the City of Quincy.

DEAR SIR:

I herewith submit the thirty-fifth annual report of the Building Department for the year ending December 31, 1941.

REPORT OF ENGINEERING DEPARTMENT

January 2, 1942.

Honorable Thomas S. Burgin Mayor of the City of Quincy

DEAR SIR:

I herewith respectfully submit the forty-second annual report of the Engineering Department for the year ending December 31, 1941.

Due to the fact that all matters pertaining to civil engineering created in any department of the city is referred to this department, the work during the past year has naturally been so varied that it will be impossible to itemize each project or request.

The meetings of the City Council and Finance were attended and such information as requested was supplied. The usual functions connected with the City Clerk's office and City Solicitor's office were complied with without delay, and the routine work in the Cemetery, Park and all other departments was executed promptly.

Tax Collector

The Tax Collector referred to this department 828 requests from attorneys and individuals asking for information regarding betterments and liens; also 4,956 descriptions to be used in the advertising of Tax Sales. These were all duly filled.

Building Department

Requests from 373 applicants for permits to build or move buildings were referred to this department. The City Engineer personally visited each site and established the grade.

Also upon request of the Building Inspector the Engineer inspected such buildings and structures as were to be condemned and made his report thereon.

Assessors

There were 2,616 transfers of property as against 2,084 in 1940. About 25 assessors' tracings were made during the year to replace those that were worn out. Several requests were made for plans for tax appeal cases.

Sewers

During the year 1.78 miles of sewers were constructed. All sewers were planned and laid out by this department, and lines and grades, together with progress estimates, were given during the construction.

An itemized list of sewers constructed is shown on the attached schedule.

Surface Drains

Surface drains totalling 1.86 miles were constructed, together with 72 catch basins and 38 manholes.

The attached list gives schedule of locations with lengths and sizes of drains built.

Accepted Streets

Numerous petitions were presented to the City Council for the acceptance of streets in the various wards. After public hearings were held, the Council accepted 10 streets, a total of 1.043 miles. Two widenings were also voted.

See schedule for accepted streets with descriptions.

Street Construction

For the amount of monies that was available and spent for street construction I refer you to the report of the Commissioner of Public Works and the City Auditor. The program which was laid out at the beginning of the year was carried out with very few changes. The work on Centre Street under Chapter 90 was continued as far as Kent Street. The outlook for additional Chapter 90 money in 1942 is not very bright. I believe there will be a drastic curtailment of money available for this type of work.

See attached list for locations.

Curbing

The City Council passed a resolve that all new streets constructed in the City of Quincy shall have curbing placed on both sides. In most cases granite curbing was used. Under W.P.A. 3.04 miles of granite and concrete curbing was laid, the greater part of which was concrete, as the Quarry Project, which was operated by the W.P.A., was temporarily suspended in June.

For locations of concrete and granite curbing see attached list.

Granolithic Sidewalks

Although there was an appropriation in the budget for granolithic sidewalks, there was very little of this type of construction undertaken during the year.

Locations will be found in Schedule No. 8.

Amiesite Sidewalks

The W.P.A. program constituted a greater part of this type of construction. The City in conjunction with its street rebuilding and accepted streets program also built many feet of this type of sidewalk.

W. P. A. Streets

Due to the curtailment of men available under W.P.A. for this type of work, only five streets were started and finished during the year.

For locations see attached schedule.

Conclusion

I wish to take this opportunity to express my appreciation to His Honor the Mayor, members of the City Council, Department Heads, W.P.A. officials and to the personnel of this department for their co-operation and assistance.

Respectfully submitted,

GERHARD F. SCHAFER, City Engineer.

REPORT OF WORKS PROGRESS ADMINISTRATION

January 2, 1942

MR. GERHARD F. SCHAFER Sponsor's Agent Works Progress Administration Quincy, Massachusetts

Dear Mr. Schafer:

In submitting a report of W.P.A. activities for the year 1941 I wish to express my appreciation for the cooperation extended by His Honor, Mayor Thomas S. Burgin, yourself as Sponsor's Agent and all the department heads and their personnel in carrying out the objectives of the projects sponsored by the City with W.P.A. assistance.

Owing to the national emergency, in June 1941 the W.P.A. started a general procedure of temporarily closing out projects that were not of a national defense nature, particularly those projects in the manual classification such as the Quarry Project, Streets and Sidewalks, Park and Playgrounds, Blue Hills Paths and Roads, Public Schools Rehabilitation, Furnace Brook development, Tree Preservation and Geodetic Survey. Of the latter groups as many as possible were transferred to national defense activities. In the Service Division of W.P.A. the Women's Sewing Project, the Building Survey, Library Bookmending and Cleaning of Public Buildings were also temporarily suspended.

The closing of the Quarry Project was ordered by the Federal Government in June 1941. This project had on hand approximately 10,000 feet of granite curb ready for installation on "W.P.A. consuming projects" at date of termination. As there is no Street-Sidewalk Project in operation as a "consuming W.P.A. project", the Government has not as yet made any definite ruling as to the disposition of this stock owned jointly by the City and the Federal Government.

REPORT OF THE CITY PLANNING BOARD

January 2, 1942

Honorable Thomas S. Burgin Mayor of the City of Quincy

DEAR SIR:

We are herewith submitting the twenty-seventh annual report

of the City Planning Board.

The major study made by the Board was the widening of Foster and Cottage Streets and the development of the area south of these streets between Washington Street, Hancock Street and Elm Street. The Board in preparing this study-plan had in mind that the City Council could use it as a long term development plan and not something that was to take place during the year. Although the City Council accepted Foster Street between Washington Street and Chestnut Street for a width of sixty feet instead of the seventy feet as recommended, the Board feels that it is still a step in the right direction.

It is gratifying to note that another one of the Board's recommendations is being carried to completion. The Board in its previous recommendations suggested that Franklin Street be extended from School Street to the Parking Area. The extension of this street is of inestimable value to the Parking Area. The City Council should be commended for accepting the extension of Franklin Street as well as Hancock Court, which will be constructed in 1942.

A number of discussions were held concerning the traffic conditions through Quincy, and the Board sent a Resolve to the Department of Public Works, Commonwealth of Massachusetts, recommending that they construct a highway, starting at the Fore River Traffic Circle and proceeding in a westerly direction to Willard Street, along the lines proposed in the original Shawmut Trail. There is no question but that this proposed highway would be of vital aid to the city, especially under the trying times which the country is now facing.

East Howard Street was discussed at various meetings, and the Board sincerely hopes that some means may be found by which it can be widened to a minimum of fifty-five feet and a maximum of sixty feet, in line with our recommendations of 1940.

Many other projects and problems of city planning were discussed that are too numerous to mention; therefore only the high-

lights are touched upon.

We wish to take this opportunity to express our appreciation to you for the cooperation we have received, also to the City Council for the time they have given to this Board in meeting with them to discuss various phases of planning for the future development of our city, and to the City Engineer, City Solicitor and others who have contributed their time and efforts so that the Planning Board might be of real benefit to the city.

Respectfully submitted,

WALTER A. SCHMITZ, Chairman, DELCEVARE KING, HARRY H. KERR, HENRY H. PIERCE, FRED E. AHEARN.

GERHARD F. SCHAFER, Clerk.

REPORT OF THE BOARD OF SURVEY

January 2, 1942

Honorable Thomas S. Burgin Mayor of the City of Quincy

DEAR SIR:

We herewith submit the twenty-sixth annual report of the Board of Survey.

Hearings were held during the year on the development and laying out of the following properties:

Bishop Road	Ward 5
Romeri and Phyllis Streets	Ward 4
Langley Circle	Ward 5
Dean Road	Ward 6
Myopia Road	Ward 5

Such action as was necessary was taken.

The Board also voted to change the name of Dublin Street to Alvin Avenue and to name two private ways off of Bunker Hill Lane as Frederick Street and Helene Road.

The Board looks forward to 1942 with a great deal of optimism, as they have had various inquiries concerning the possibility of laying out various tracts of undeveloped land still remaining in our city, which appears to carry out the prediction made by the Board in 1939 that we were soon to experience another building boom.

Respectfully submitted,

LOUIS F. LANGELIER, Chairman, JOHN J. MANNING SAM WOOD

GERHARD F. SCHAFER, Clerk.

REPORT OF THE HIGHWAY DIVISION

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

HONORABLE THOMAS S. BURGIN Mayor of the City of Quincy Quincy, Massachusetts

DEAR SIR:

I respectfully submit the annual report of the Public Works Department for the year 1941.

Respectfully submitted,

EZEKIEL C. SARGENT, Commissioner of Public Works.

HIGHWAY DIVISION

The appropriations for Highway Maintenance, with the expenditures, have been as follows:

	Appropriated	Expended	Balance
General Maintenance	\$245,242.84	\$242,833.51	2, 409.33
Pensions		11,908.34	306.66
Garage and Stable	9,629.63	9,535.86	93.77
Street Lighting	113,500.00	112,534.05	965.95
Miscellaneous Activities	25,000.00	23,645.07	1,354.93
	\$405,587.47	\$400,456.83	\$ 5,130.64

The Highway General Maintenance appropriation has been expended as follows:

Street Cleaning	\$70,020.94
Street Patching	29,114.04
Street Oiling	28.00
Snow Removal	73,344.66
Drains	10,363.74
Equipment Repairs	12,755.22
Tools	3,038.22
Street Repairs	1,934.44
Vacations	10,757.07
Sidewalks	7,289.57
Equipment Rental	228.70
Miscellaneous	23,958.91

MISCELLANEOUS ACTIVITIES

Of the appropriation of \$25,000.00 the sum of \$23,645.07 was expended as follows:

Brooks	\$ 72.00
Bridges	907.96
Fences	1,579.80
Signs	 9,757.83
Street Parks	 8,941.84
Parking Area	649.12
Miscellaneous	1.736.48

NEW EQUIPMENT

This year the City Council appropriated the sum of \$32,000.00 in the budget and authorized a loan of \$50,000.00 for the purchase of new equipment in the Public Works Department.

The following equipment was purchased.

HIGHWAY DIVISION

One Elgin Street Sweeper
One Barber Green Snow Loader
One Buffalo Springfield Gasoline 12-ton Roller
Two 105 foot Air Compressors
One Coupe in exchange
One Dodge %-ton Truck
One Car Washing Machine
One Street Painting Machine

SANITARY DIVISION

Nine three and one half ton dump trucks equipped with Gar Wood "Load Packer" bodies.

Five three and one-half ton dump trucks with Elgin enclosed bodies.

SEWER DEPARTMENT

One Coupe in exchange.

This equipment has proven very satisfactory and its purchase was very timely.

STREET CONSTRUCTION AND REBUILDING

Balance of Appropriation Budget Appropriation Loan March 1941 Loan September 1941 Received from Commonwealth under Chapter 90 grant for Center Street	\$ 2,537.89 32,000.00 150,000.00 150,000.00 9,577.24
Transferred	\$344,115.13
	45,795.51
Expended	\$298,319.62 291,755.24
Balance	6,564.38

Approximately five (5) miles of street have been constructed or rebuilt during the year. This includes nine (9) newly accepted streets and the whole or portions of twenty-five (25) others rebuilt. It includes also about 2,500 feet of Centre Street which has been widened and rebuilt with the aid of Chapter 90 grants by the Commonwealth of Massachusetts.

On nearly all of the streets constructed or rebuilt, edgestones and permanent sidewalks have been constructed. A schedule of streets constructed and rebuilt will be found in the report of the City Engineer.

SIDEWALKS

The City Council this year appropriated the sum of \$32,000.00 for sidewalk construction, of which \$26,234.36 has been expended.

Reference is made to the report of the City Engineer for a list of sidewalks constructed.

STREET LIGHTING

On December 31st there was a total of 3,726° street lights in service.

The appropriation for street lighting was \$113,500.00 of which \$112,534.05 was expended.

SEA WALL-HOUGH'S NECK

The Sea Wall along the shore at Manet Avenue, Hough's Neck, is being repaired this year by the Commonwealth of Massachusetts.

The City of Quincy contributed the sum of \$2,500.00 to aid in this work.

SANITARY DIVISION

The appropriations and expenditures were as follows:

Salaries and Wages	5,387.00 10,300.00 7,200.00	Expended \$132,165.67 5,387.00 10,283.39 5,865.62 9,964.18	Balance \$ 334.33 0.00 16.61 1,334.38 35.82
care of Dumps		\$163,665.86	\$1,721.14

The new equipment purchased this year from the City Council appropriation of \$82,000.00 gave the department nine (9) new rubbish collection trucks and five (5) new garbage collection trucks. These trucks with those purchased last year, gives the department twenty-one (21) trucks in excellent condition. In addition the department has four (4) trucks which can be used for spare trucks.

The sum of \$64,694.33 has been expended for the collection of garbage, and \$68,471.11 for the collection of rubbish. The receipts from the sale of garbage was \$8,752.00.

The clearing of cesspools has cost \$1,965.66 while the receipts were \$1,440.25.

GYPSY MOTH AND FORESTRY

	Appropriation	Expended	Balance
Salaries and Wages	\$12,000.00	\$11,818.17	\$181.83
Supplies and Expenses	2,500.00	2,003.15	496.85
Equipment Maintenance	1,293.99	1.258.58	35.41

New Equipment Pensions	2,600.00 785.00	2,479.43 782.50	120.57 2.50
Purchase of Trees	1,000.00	975.00	25.00
Gypsy Moth	4,800.00	4,797.39	2.61

The department has sprayed trees and destroyed nests of Gypsy and Brown Tail Moths as required by law.

Approximately 300 new trees have been planted along our highways; trees have been trimmed and removed where necessary. The department has maintained the highway flower beds about the city, all plants being raised at the City Greenhouse. The sum of \$8,941.84 has been expended for this purpose from the Miscellaneous Activities account.

MUNICIPAL BUILDINGS

		Appropriated	Expended	Balance
Salaries and	Wages	\$ 7,810.00	\$ 7,786.85	\$23.15
Maintenance	of Buildings	22,195.00	22,192.53	2.47

The maintenance appropriation has been expended as follows:

City Hall and Annex	\$17,429.50
Six Fire Stations	1,439.00
Police Stations	1,401.09
Infirmary	591.26
Welfare Buildings	398.66
Dispensary	562.70
Atlantic Community Building	370.26

QUINCY POINT FIRE STATION

The City Council appropriated the sum of \$50,000.00 for the construction of a Fire Station at Quincy Point. The building constructed on the site of the old station was substantially completed on December 31, 1941. Mr. George Ernest Robinson was the Architect and John Hamre & Son, Contractors. The building in design and construction is a credit to both the architect and builders.

ANNUAL REPORT OF THE SEWER DIVISION OF THE PUBLIC WORKS DEPARTMENT

January 2, 1942

MR. EZEKIEL C. SARGENT Commissioner of Public Works, Quincy, Massachusetts.

DEAR SIR:

I respectfully submit the report of the Sewer Division of the Public Works Department for the year ending December 31, 1941.

For financial statement, see Auditor's report.

Particular Sewers

Three hundred sixty-one connections were made to the common sewer to take care of three hundred sixty-seven buildings located by wards as follows:

Ward 1 91	Ward 4 44
Ward 2 27	Ward 5 97
Ward 3 8	Ward 6 94
	16,650.00
Total cost	\$19,818.00
Average cost per connect	ion
	\$1.19
Average length per conn	ection
Classification:	
Single Houses286	Four-family or Over 38
Two-family Houses 15	Business Buildings 25
Three-family Houses 2	Fire Station 1

Construction

All construction work done by this division for the year is shown in the tabular forms included in this report.

Respectfully submitted,

WALTER S. McKENZIE, General Foreman, Sewer Division.

REPORT OF CEMETERY DIVISION

January 2, 1942

Honorable Thomas S. Burgin Mayor of Quincy Quincy, Massachusetts

DEAR SIR:

The Commissioner of Public Works respectfully submits the following financial report of the Cemetery Department for the year ending December 31, 1941.

Receipts

· · · · · · · · · · · · · · · · · · ·		
Care of lots Sale of lots Interments Foundations and Gradings Perpetual Care Perpetual Care Fund—Interest Other Trust Funds—Interest	\$1,485 8,015 9,974 2,814 10,095 9,449 63	00 00 56 00
Total	\$41,896	63
Expenditures		
Clerk—Salary	\$800	00
Labor—Including Foreman	42,801	59
Supplies and Expense	2,488	
Equipment—Maintenance and Operation	694	12
New Equipment	1,198	
Sub-soil and Loam for New Land	1,499	10
Total	\$49,481	82

In 1941 there were four hundred and eighty-seven (487) interments and eight (8) removals.

A statement of the Perpetual Care and other Trust Funds investments will be found in the City Treasurer's report.

Very truly yours,

EZEKIEL C. SARGENT, Commissioner of Public Works.

HARBOR MASTER'S REPORT

Hon. Thomas S. Burgin, City Hall, Quincy, Mass.

DEAR SIR:

The report of the Harbor Master of the City of Quincy for the year ending December 31, 1941, is herewith submitted.

Receipts by water for the year were as follows:

City Fuel Company......33 Barges, 25,421 tons coal Standard Oil Company....67 Barges and Steamers, 69,857,626 gals. Received and delivered:

The waters off the Fore River Plant were patrolled during the following launchings at the request of the company officials:

There were 172 Yachts stored in the boat yards on Town River besides many others on Neponset River and elsewhere in the city.

Made 21 trips with the power boat going to the aid of boats in distress, aground and capsized.

Picked up six row boats and one power boat, all claimed.

Reported various beacons extinguished and buoys out of position.

Respectfully submitted,

JAMES A. M. NASH, Harbor Master.

REPORT OF CITY SOLICITOR

December 31, 1941

Honorable Thomas S. Burgin, Mayor of Quincy Quincy, Massachusetts

Dear Sir:

During the past year the City Solicitor has carried on the work of the Law Department of the city in accordance with the requirements of the statutes in relation thereto.

Respectfully submitted,

JOHN D. SMITH, City Solicitor.

REPORT OF THE BOARD OF MANAGERS OF THE DEPARTMENT OF HISTORICAL PLACES

Hon. Thomas S. Burgin, Mayor City of Quincy, Massachusetts

DEAR SIR:

The Board of Managers of the Department of Historical Places herewith submits its second report and it is with a feeling of satisfaction and of accomplishment that we make it.

In June, 1940, Hon. Charles Francis Adams and Henry Adams, as Trustees, deeded to the City of Quincy the Birthplace of Presidents John Adams and John Quincy Adams. The deed contains the following covenant:

"TO HAVE AND TO HOLD the granted premises with all the privileges and appurtenances thereto belonging to the said City of Quincy but in trust to preserve and maintain such premises with any additions thereto or improvements thereon as places of historic and public interest and not for profit, with the purpose of fostering civic virtue and patriotism, and to these ends with the right to acquire and place in or about the premises personal effects and property of historical value and interest and, in general, to do all things which may be necessary or proper to preserve said premises and the buildings now built thereon and the personal property which may from time to time be placed thereon or therein."

Your Honor and Members of the City Council has recognized the sacredness of this covenant and have made available to your Board funds for making needed and necessary repairs. This splendid cooperation is gratefully acknowledged.

During the past year, and in the order of the work, the John Quincy Adams Birthplace has been re-shingled, chimney repaired, fireplaces pointed up, one coat of paint on the outside, the hall painted and repapered, skylight replaced.

In the late fall of 1941 major repairs were made on the John Adams House. This house was sadly in need of attention; sills, floor timbers and studdings rotted away, rear house wall to be replaced, a complete clapboarding job, number of window sills to be replaced, new front door, also complete outside painting and some papering and painting on the inside.

During the past year we started a system of signs and direction markers. Several signs have already been placed at entrances to our City. For the effective character and design of the signs we are indebted and commend Armando U. Gasparri of the Engineering Department. The construction and erection of the signs is due to the cooperation of Lawrence Donovan of the Department of Public Works, which we are also pleased to acknowledge.

In conclusion, we would like to call your attention to a passage by Lawrence Vail Coleman in "Historic House Museums"—

"Here and there also are buildings already canonized in history. These are part of our inheritance from three centuries past, and they come down the years to us bearing messages. To recognize and understand such buildings is our birthright, and to protect them is our duty."

Quincy now owns two such buildings and your Board is very confident that our citizens will recognize their inheritance, and protect the Birthplaces of the Second and Sixth Presidents of the United States of America.

Respectfully submitted,

MAURICE SPILLANE, Chairman, HENRY ADAMS, LAWRENCE W. LYONS, HARRIET B. PIERCE, GRACE P. BONSALL, Secretary.

REPORT OF CITY CLERK

To His Honor, the Mayor of the City of Quincy:

I have the honor to submit the fifty-third annual report of the department, being for the year ending December 31, 1941.

Receipts

REPORT OF THE PARK DEPARTMENT

Quincy, Massachusetts

March 1, 1942.

To the Honorable Mayor, Thomas S. Burgin

DEAR SIR:

An account of the activities and accomplishments of the Quincy Park Department is herewith presented constituting the fifty-third annual report since its inception.

The past year has been a full one in the various activities of the Quincy Park Department. A marked increase was noted in all services and every effort was made to make Parks and Recreation interesting for old and young alike.

The Board had ambitious plans for the year to come, with several recommendations for added services, but owing to the sudden change in world affairs, in which the United States finds itself involved in war, it is our duty to carry on as is, and do everything possible to conserve our finances and at the same time, do our part to build the morale of our citizens.

In the past, it has been the custom to give a detailed report covering every phase of Park and Recreation activities with a detailed account of developments and expenditures.

At your request to be brief in the annual report, we herewith present our report and recommendations in condensed form for City Records. There will be on file at the Park Office, a full detailed report which will be available to your Honor, the City Council and the citizens of Quincy.

With respect to finances, it is gratifying to report that the budget was strictly adhered to and all plans of expenditures carried out with satisfying results and excellent progress was made.

In closing, the Board Members wish to take this opportunity to thank you for the privilege and honor of serving the City of Quincy. As members of the Park Board, may your faith in us react in accomplishments that will be a credit to your administration.

WILLIAM M. TRUSSELLE, Chairman.

Improvements and Maintenance

During the past year all Baseball Fields were put in condition during the spring months and maintained for the season. Considerable work was done on the John Wendall Moses Field at Squantum, a grass infield was installed, the outfield regraded, a wood fence erected in the outfield and along third base, a chain-link fence surround—neighboring property and new bleachers on one side that will accommodate 500. O'Neil Field—chain-link fence, paint and repairs to bleachers and dead trees removed. Perkins—rebuilt in-

field, softball to hard ball. North Stadium—seeded, installed track and field equipment, painted bleachers. LeBrecque—paint and regraded field. Kincaide—erected chain-link fence on wall at play-ground.

Skating Rinks

Skating rinks and ponds were maintained and serviced at Manet Lake, Sailor's Home Pond, Stoney Brae, O'Neil Field, Wendell Moses Field, Munroe and Bishop Field.

Football Fields

North Stadium Faxon Field, O'Rourke Field, Kincaide Field, Upper Merrymount, Municipal Stadium, O'Neil Field, Munroe, Le-Brecque, and Montclair, all fields equipped with goal posts and lined off for games. Steel posts at Municipal Stadium.

Tennis Courts

Tennis Courts all lined off and equipped with nets.

Softball Fields

Faxon Park, Faxon Field, Welcome Young, Munroe, Pageant Field, two diamonds, and Upper Merrymount, maintained and lined off for games.

Bowling on the Green

Regular Custodian assigned and continuous service all through the season. Greens are in constant use.

Basketball

During the winter in cooperation with the Defense Council, two ten-team Leagues were formed, equipment supplied and officials provided. Six service teams were represented.

Horseshoe Pitching

Interest in this popular barnyard sport was keen this year, so much so, that the Board encouraged it as one of the regular playground features. Competition was conducted on an inter-playground scale, with finals played at the end of the season. Clay courts will be built on several playgrounds this year.

Recreation

During the period covered by this report, it has become increasingly evident that there is a widespread demand for year-round indoor and outdoor recreation. This is true not only in Quincy, but from what the Board can gather, it is general throughout the United States. In view of this situation, the larger cities must prepare to meet the demand, when W.P.A. Recreation Projects are eventually dropped by the Government, as an emergency measure.

A well planned system of recreation is essential to the well-being of every community. It may be purely passive, such as natural scenery, or it may include various degrees of activity, to the most intensive physical exercise, such as tennis. All forms are necessary to service varying public demands.

REPORT OF SUPERVISOR OF PLAYGROUNDS

Board of Park Commissioners:

The playground season got underway July 7th, at the City's twenty playgrounds and 53,187 children took advantage of the fine facilities which are provided for their convenience.

The Supervisor and twenty-five female instructors were on hand opening day, while nineteen male instructors were added to the force on July 28th. These young men in cooperation with the female instructors carried out a very successful program.

The daily program opened with flag ceremonies, followed by contests in baseball, slug ball, volley ball, tennis, handiwork and quiet games of bean bag, ring toss and story periods.

Inter-playground contests were held and from a standpoint of competition were found to be very beneficial.

Picnics to Nantasket Beach, Franklin Park, Merrymount Park and Faxon Park were enjoyed by the different playgrounds and the arrangements were made by the instructors.

The annual horseshoe tournament was a great success with a total of 64 boys competing.

The annual baseball day to Braves Field was attended by 473 boy and girl fans and the journey to Fenway Park drew an attendance of 573. The groups were in charge of the playground instructors.

The Field Day was attended by more than 600 and keen competition was observed in the track and field events.

The bicycle meet held at the Municipal Stadium was successful and should be an annual affair.

Field Days and Pet Shows were staged at each playground and as in the past proved very popular.

In closing let me say that the success of any program depends on the combining forces and whatever success was attained is due to the fine efforts of the Instructors, Mr. Spargo, Manager and Director of Parks and Playgrounds, and you the members of the Park Board.

Respectfully submitted,

GEORGE O'ROURKE,

Playground Supervisor.

QUINCY W. P. A. RECREATION PROJECT

The Park Board herewith credits the W. P. A. under the supervision of Gerald Gherardi with having submitted an excellent report, under the handicap of a reduced personnel.

Good results were accomplished, and valuable assistance rendered the Park Department, a full and detailed account with facts and figures are on file at the Park Office and are available to all who care to call and avail themselves of the chance to read the report.

Recommendations

The Park Board had several recommendations, but owing to the United States entering into World War II, it was thought best to withhold them at this time.

Permits

During the year the following number of permits was issued for various activities.

		Permits	Estimated Attendance
24	Tennis Courts	12,000	34,000
9	Baseball Fields	600	160,000
	School Baseball	350	15,000
14	Softball Fields	15,000	72,000
10	Football Fields	200	63,000
	School Football	75	71,000
4	Soccer Fields	60	3,000
1	Bowling Green	200	8,500
	Field Days and Picnics	130	150,000
	Fore River Club let other than to		·
	W. P. A. Recreation	70	7,000
	_	20.005	
	Total	28,685	585,500

Expenditures

The financial statement of this Department may be found in the Auditor's Report.

Vandalism

The Park Board still feels rather strongly on this yearly subject, vandalism. The Park System seems to be the target of this type of fifth-columninst each year. To the largest extent, our losses, the past year, are estimated in the vicinity of two thousand dollars. The Board of Park Commissioners take this opportunity to thank the group of citizens who are organizing to assist us to stamp out this evil, by a system of education and will cooperate with them along these lines. The offer of a reward of \$25 to any citizen who can give information and conviction about any vandal committing these acts, still stands.

Conclusion

We acknowledge the magnificent spirit of cooperation evidenced by His Honor, the Mayor, the City Council, the Quincy Patriot Ledger, the Police and Fire Departments, the City Engineer's Department, Public Works Department, Manager of Parks and Playgrounds, Foreman of Parks, Park workers, Supervisor of Playgrounds, W. P. A. Recreation Project, Playground Instructors, members of all leagues sponsored by the Board, referees and umpires of all leagues, and anyone who by act or deed has made the work of 1941 a pleasure. It is fitting that we should here record our appreciation and gratitude.

We are proud of our city, our citizenry, and our parks and earnestly hope that this, the 53rd Annual Report, will mark another milestone in the upward path.

Respectfully submitted,

WILLIAM M. TRUSSELLE, Chairman, EDMUND J. SAUNDERS, Vice-Chairman, FRANK G. PRAY, Secretary, WILLIAM J. SPARGO, Manager and Director.

REPORT OF THE TRUSTEES

To His Honor, the Mayor of the City of Quincy:

The seventy-first annual report of the Trustees of the Thomas Crane Public Library is submitted herewith.

In the interest of economy of paper and printing, this report is purposely made brief.

The routine work of the Library and all its branches throughout the city has been going on in its usual course. Nothing has been left undone to meet the demands for reading and research on the part of our citizens, so far as the facilities of the Library permit.

In war-time there is an increase in demand not only for technical and scientific works, but also for good literature. Countless people turn to reading to relieve the tension caused by the war. This is true not only as to civilians, but as to men in the armed forces as well. The Army and Navy emphasize the great use made of books by men in those services.

Our librarian, Mr. Hill, is chairman of the Victory Book Campaign in this community and has been active in the collection and forwarding of books to the men in service.

The Music Department of the Library has received many favorable comments, and accounts of its work have appeared in numerous magazines and newspapers throughout the country.

The members of the board take this opportunity to attest again the loyal and efficient service of the librarian and staff and to thank the Mayor and City Council for their cooperation in the work of this department.

Respectfully submitted,

GEORGE E. ADAMS, Chairman, GEORGIANA CUSHING LANE, Secretary.

REPORT OF THE LIBRARIAN

To the Trustees of the Thomas Crane Public Library:

Herewith is submitted the seventieth in the series of annual reports of the public library of Quincy. It is the record of a year which at its end found our country engaged in a World War, the chief stake of which is the survival of democracy. Peculiarly democratic in its conception and in its practice, a public library has no reason to complain if the effort to wage war successfully and to maintain the home defense leaves people with less time to read. Practically all public libraries are reporting losses in circulation of books for 1941, amounting in some cases to as much as 12% of the 1940 figures. In the case of the Thomas Crane Public Library, the loss is slightly under 7% and is largely in the fiction class. However, the total books loaned, 646,815, represent 8.5 books per capita and 27 books per registered borrower, both these percentages being above the average for public libraries. The demand for technical books continued to be heavy and we feel it was not adequately met although one thousand dollars of the book appropriation was allocated to books in these classes, which included special titles dealing with civil air defense. In connection with the use of books, I may add that all men in the military or naval service who are temporarily stationed in Quincy have been granted all of the privileges of the Thomas Crane Public Library and that many of them have already taken advantage of the opportunity and have been most generous in their expressions of appreciation.

The Music Room has continued to be an active and popular feature of our work, particularly the phonograph department. During 1941 671 records were added to the collection which now totals 1181. There has been no lessening in the use of the instruments in the booths on the days the room is open and during the year 8,401 records were taken out to be played at home, the daily circulation increasing steadily as the year went on. A series of record concerts was arranged by Miss Hebert, our music librarian, during the spring and has been continued this fall and winter. In addition, Miss Hebert has conducted musical story hours for the children in the elementary school grades.

Our other departments and services have rendered a satisfactory accounting of real work accomplished. The tenseness of the international situation, defense planning and war preparations all have been reflected in the type of information sought at the reference desk, in requests of the readers' adviser for bibliographies and specific books and even in the Children's Room stories of air pilots and nurses run far ahead in popularity over those whose heroes are in more prosaic occupations.

This year our library made more of the observance of National Book Week than usual. This began with an informal open house at the main library on Sunday, November 2nd, and was followed by a phonograph record concert on Monday evening and, on Tuesday, a program which included a talk on art appreciation by Miss Mary Reardon, and notes on timely books of the season by Mrs. Margaret Joyce. Wednesday afternoon over two hundred children crowded into the Children's Room for a story-telling hour by Mr. John J. Cronan and on Friday Miss Eleanor Gow gave readings from "Keys to the Kingdom" by A. J. Cronin. In conjunction with this program exhibits of children's and adult books were held at the main library

and at some of the branches and the Granite Trust Company graciously loaned one of their windows for an exhibit of up-to-theminute technical books. Your librarian is fortunate in having in Mrs. Margaret Joyce the answer to the requests that come to him for some one to talk to groups on new books. That Mrs. Joyce is the answer is proved by the fact that she gave thirteen such talks last year to audiences that varied in size from twenty to four hundred and fifty and has engagements scheduled as far ahead as November 1942. Last summer Miss Gow began preparing for a series of readings from popular new books and three of these were given during the fall to small but interested audiences in the Lecture Room. She too has been asked to repeat these readings before small groups. We are grateful to the Quincy Patriot Ledger for the continuance of the opportunity for Mrs. Joyce's weekly column of book notes, "Leaves from the Library", and for generous space given to other notices of library activities.

Marriage was the cause of two resignations from the staff during the year which were accepted with regret. Miss Doris Rizzi, who had served as librarian successively of the Temple and Norfolk Downs branches since 1933, resigned in May and Miss Edna Amet, assistant at the main library for six years, left us in September. In October Miss Gertrude Henrikson, our hospital librarian, resigned to become the librarian of the Walpole Public Library, a position which represents a well deserved promotion and one which she is well qualified to fill. Her successor at the hospital library is Miss Catherine Zottoli, a resident of Quincy and graduate of Simmons School of Library Science, who came to us in December from a position in the Providence Public Library. During the interim, the hospital library was well served by the temporary transfer of Miss Bethiah Morrill. In the course of the year, four full-time apprentices, Miss Eunice Blackwood, Miss Elizabeth Close. Miss Christine O'Brien and Miss Carol Philip, were promoted to become regular junior assistants. During the summer and fall many members of our library force have been busy with outside activities concerned with the defense and preparedness programs.

Once more this report offers me the opportunity to put into print a sincere "thank you" to all my associates on the staff and to your board for your confidence, interest and help.

Respectfully submitted,

GALEN W. HILL, Librarian

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Quincy:

Your School Committee submits to you the following report for the year 1941.

The schools of Quincy have maintained their high standard of education during the year.

The school budget for 1941 called for an expenditure of \$1,249,-785.90. There was returned to the City Treasury from all sources the sum of \$129,266.04, making the net cost to the taxpayers the sum of \$1,120,519.86.

The increase in the school budget is due entirely to the increased cost of fuel and supplies and to the fact that eight additional custodians have been employed in order to comply with the State law limiting the work to an eight hour day.

Of the twenty-four school buildings, twenty of them are old and in frequent need of repairs. This is especially so in regard to their heating equipment, some of which is from forty to fifty years old. A great deal of attention has been given to the Preparedness Program through the use of school halls, arrangements to protect the school children during air raids, fire prevention, etc.

The foregoing report was prepared by a special committee consisting of Mr. John H. Taylor and Mr. John P. Flavin and was adopted as the report of the School Committee for the year 1941.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Quincy:

As is required by law, I am submitting to the School Committee the statistical report of the Quincy Public School system.

The greatest service the school system can render during this emergency is:

- (1) For each individual on the payroll to do the job for which he has been employed.
- (2) For the principals and teachers to impress upon the pupils the importance of right habits of work, and to teach them to apply themselves to the mastery of the work assigned to them. This is a golden opportunity for the principals and teachers to teach the children obedience with respect to law and order.

The school authorities are doing all they can to secure a safe refuge for all the children within the school buildings.

In addition to our regular work, it is our common obligation during these trying times to give everything we have for the general public welfare, in fact, the general public welfare transcends all private or group interests for the sake of society as a whole.

We should give our whole-hearted cooperation. It means a devotion to the city, to the state, and to the nation. There are few of us but that can contribute something to our security. That does not mean that there are no private rights that society is bound to respect. The existence of such rights constitutes the essence of every democracy, and distinguishes the democratic system from totalitarianism where the interests of the state are all pervading. We must have confidence in our ability to meet and face our responsibility, our obligation. This obligation rests upon all of us, upon every one of us, upon every group. This is what is meant by the common obligation for the general public welfare. I am therefore asking that the entire personnel do their work with renewed energy and be on the alert, be calm, and be considerate of others.

As I see it, a large part of the solution lies in making clear the situation. Adjustments will have to be made from day to day. Your help and your advice and your cooperation in making clear the situation and in maintaining a high standard of efficiency is not only appreciated but constantly solicited. We cannot afford to build up with one hand and tear down with the other.

What I am trying to do is to make clear to the entire personnel some of the items that should become the common knowledge of all.

Respectfully submitted,

JAMES N. MUIR, Superintendent of Schools. Mr. James N. Muir, Superintendent of Schools, Quincy, Massachusetts

My dear Mr. Muir:

I submit the following report on the Day Trade School for the year 1940-41.

The figures for the average membership of the Quincy Trade School for the last five years are given in the table below:

			1938-1939 Ave. Mem.		
Auto Mechanics Electrical Machine Plumbing Sheet Metal Woodworking	36.13 17.28 34.94 17.53	55.06 35.27 26.97 34.76 18.71 48.54	49.21 37.35 32.02 34.11 34.82 52.81	53.27 38.58 33.21 34.40 38.19 54.47	51.97 37.06 34.13 33.21 33.71 51.91
Total Average	213.96		240.32	252.12	241.99

In September, 1941, thirty-six additional boys were enrolled in the Machine Department. This was made possible through the efforts of the Superintendent of Schools who recommended that the Machine Shop be enlarged to include the Auto Mechanics and Machine classrooms. Because of the difficulty of securing new machinery, used machinery was secured and is now in working order. Ten lathes and two milling machines are valuable additions to our equipment. This arrangement made necessary the transfer of the Auto Mechanics and Machine classes to two rooms on the first floor of the Coddington School and the hiring of two new machine instructors—Mr. John Lundsgaard and Mr. H. Porter Perkins. The total capacity of the school is now 302 as compared to 266 last year.

Since September, 1941, eight of our students have enlisted in the armed forces of the United States, and twenty-two have accepted jobs in industry. As a result, we have but forty-three boys on our waiting list as compared to over one hundred a year ago. Twenty-seven of these applicants are from Quincy and sixteen from surrounding towns.

The total cost for maintaing the Trade School for 1940-41 was \$52,075.01.

The following table gives the income to the city of Quincy because of the Trade School for the last two years:

Tuition for non-residents	422.20 7,054.23 17,992.91	1940-41 \$2,433.90 402.62 4,014.35 20,264.18 136.75
Total Receipts		

The following table shows the number of Trade School tuition pupils over a five-year period:

		Fin	rst Year	Second Year	Third Year	Total
December,	1941		. 2	1	3	6
December,	1940		. 5	4	7	16
				12	20	39
				29	12	63
December,	1937		. 54	23	15	92

As can be seen from the above table, the enrollment of tuition pupils has steadily decreased as the demand for entrance from Quincy boys increased.

Respectfully submitted,

FRANK C. WEBSTER, Director.

Mr. James N. Muir, Superintendent of Schools, Quincy, Massachusetts

Dear Mr. Muir:

In submitting my annual report of the Health Education Department for the year of 1941, I have included some figures from past reports which may be used in a comparative analysis.

Health Service

Contagious Diseases Reported	1938	1939	1940	1941
Scarlet Fever	933	151	106	131
Measles	156	1279	118	493

Only Scarlet Fever and Measles are reported here since they are the most prevalent. As each case is reported to the director, nurses are notified so that routine precautions may be taken to safeguard other pupils.

Medical Examinations by School Physicians	1939	1940	1941
1. Regular Routine Examinations	8890	8494	8706
2. Special Examinations	567	1570	1829
3. Examinations of Athletes	1242	1331	1598
4. Miscellaneous Examinations	893	553	1984
5. Pre-School Clinic Examinations	386	516	420
1	1978	12464	14537

The above figures do not include examinations of teachers nor the examinations made by family physicians, or specialists, which were recommended by the school doctors.

School Nursing Service	1939	1940	1941*
I. No. of pupils insepcted by Nurse and/or			
Physician for various causes	.46,865	46,993	48,371

II. Field visits by Nurses:

Dental Work	
Health Department Dental Clinic Summary	
Elementary School Pupils examined	Q
Elementary School Pupils without defects	
Need Prophylaxis only	0
Total Caries in first molars	
Total Caries in permanent teeth other than first molars 86- Caries in deciduous teeth	
Visible abscesses	0
Suspected abscesses	7
Total Caries 8,102	
Total Abscesses 5,609	

I wish to commend the Cranch P.T.A. for the dental program which they sponsored for Cranch pupils last year. A summary report of this work follows:

Examinations made	133
Extractions	72
Fillings	40
Treatments	22
Cleanings	15

These projects have undoubtedly made a great contribution to the health of our pupils. Abscessed teeth and tonsils are often the beginning of serious cardiac impairment.

Tuberculosis Clinic Summary

Orthopedic Clinic

Summary

Number of clinics	189
Number of visits made by pupils: One visit	148
Two visits	26
Three visits	$\frac{10}{2}$
Five visits	1
Six visits	3

Various types of cases treated:

Flaring of scapulae Kyphosis Exaggerated Lumbar curve Prominent abdomens Lardo-Kyphosis Scholiosis Pronated and flat feet

The most outstanding case attending this clinic was a junior school pupil who was treated for a left dorsal, right lumbar curve. Suggestions made by the doctor were carried out by the parent and the curve is now almost gone. Miss O'Brien has been in attendance at orthopedic clinics and has been responsible for the report on this work.

There have been many more cases of dog bite reported this year. A dog bite must be considered very serious and proper treatment given at once to prevent the dreaded disease of Hydrophobia. All dog bite cases are sent to the Quincy Hospital for proper care and the Health Department is notified. An appeal has been made to the police department on several occasions to control the dogs at large which run in most of our school yards during the time that children are using them. This condition is not only hazardous but it is expensive to the city. It is my recommendation that the owners of dogs be charged for the costs now absorbed by the city in cases of dog bite or that the police department exercise more vigilance in keeping playgrounds free from dogs.

Physical Education

During the past year courses of study for both the elementary and secondary levels were compiled by the Director and distributed. Their value is noticeable in the schools where facilities permit a broad varied program. It is difficult, however, to do very much direct teaching—requiring verbal directions—in gymnasiums where two classes are meeting at the same time separated only by a canvas curtain. Where activities are suited to co-educational participation, it is suggested that the two classes be handled as one unit, with the curtain raised, thereby affording opportunities for proper instruction. Dancing, badminton, volley ball, deck tennis and certain self testing stunts are a few of the activities which lend themselves to this type of program. Constant supervision of both teachers, however, must be maintained throughout the class period.

Some of the physical education teachers have received letters of gratitude from parents who have been able to see improvements due to the special work which has been given to their children. These cases are uncovered only after a careful analysis of P.F.I. scores and a history of pupil health habits is taken.

The individual P.F.I. gains of pupils is a most interesting study but since we have over 6000 cases, it is impossible to list them in this report. A summary report by schools follows:

P. F. I. Test Results

	1	Average	S
	1939	1940	1941
Quincy High School Girls	111%	112%	115%
	103%	107%	118%
North Quincy High School Girls	118%	113%	117%
North Quincy High School Boys	114%	113%	114%
Quincy Point Junior Girls	91%	103%	104%
	97%	104%	111%
South Junior Girls	106% 112%	115% 114%	$116\% \\ 122\%$
Central Junior Girls Central Junior Boys	113%	112%	108%
	119%	110%	119%
North Quincy High—Junior Girls	108%	113%	106%
North Quincy High—Junior Boys	116%	114%	115%

Boys in secondary schools are being taught the fundamentals of marching from the new Infantry Drill Manual purchased from the Government. The rifle ranges at both ends of the city are used daily and many of our pupils are giving a good account of themselves as marksmen. These two forms of training should aid considerably if these young men should be called upon to join our armed forces in the present conflict.

Respectfully submitted,

JAMES J. CARTER, Director of Health Education.

	Term	expires	Dec.	31,	1944
108 Warren Avenue, Wollaston					

Secretary to School Committee and Superintendent of Schools
JAMES N. MUIR, B.S.
132 Winthrop Avenue, Wollaston

The regular meetings of the School Committee are held at 7:30 o'clock P.M. on the last Tuesday in each month.

2. SCHOOL CALENDAR 1942-1943

First Term
Wednesday, September 9, to
Wednesday, December 23

Vacation
Wednesday, December 23, to
Monday, January 4

Holidays Out During the Term: Columbus Day, Monday, October 12; Armistice Day, Wednesday, November 11; Thanksgiving, Wednesday noon (12:00) and remainder of week.

Because of the uncertainty of conditions during the Emergency, vacation periods after January 4, 1943 will be determined at a future date.
